RENEW DARDANELLES ATTACK

London, March 25.—(8:55 p. m.)—The British admiralty stated this evening that they thought the German submarine U-29 which recently sank four British and one French steamer in the English channel and damaged three other vessels had been sunk with all hands.

The text of the official statement follows:

"The admiralty have good reasons to believe that the German submarine U-29 has been sunk with all hands."

Was One of Fastest Divers.

The German submarine U-29 displaced 800 tons and was one of the largest and fastest of the German undersea boats. Two weeks ago the U-29 made a record raid off the Scilly Islands and in the Channel, sinking four British steamers and one French steamer and damaging three other vessels.

The submarine was chased by patrol boats but she proved too elusive for them and when steamers tried to ram or escape her they found that the submarine was a much faster boat than her sister craft. The German commander gave the crews of most of the steamers time to leave their vessels and in some cases towed them in life boats to passing steamers in which the seamen were taken to port.

Gives Allies Cause for Cheerfulness.

London, March 25.—(10 p. m.)—The admiralty has good reason to believe that the German submarine U-29 has been sunk with all hands.

This news published late this evening, following as it did reports that the attack on the Dardanelles had been resumed and that the Russians had won important victories over the Austrians in Bukovina and at Uzok Pass on the Carpathians, gave the peoples of the allied countries cause for cheerfulness.

No Details are Given.

The admiralty gave no details of how or where the U-29 was sunk, but the report that she was disposed of was received in shipping circles with a sigh of relief.

It was this vessel which just a fortnight ago torpedoed six steamers in Bristol channel and off the Scilly Islands within two days. Her commander, who spoke English perfectly and treated the crews of the torpedoed vessels with great consideration, told ops of the merchant captains who was taken aboard the submarine that he was the commander of the submarine which torpedoed the British cruisers Aboukir, Cressy and Hogue. If this was true, he was the man who was looked upon as Germany's most daring submarine navigator.

Sixth Reported Sunk.

This makes the sixth German submarine so far that the British admiralty has reported sunk, five of them at least by British warships, since the outbreak of the war and in only one case has the British report been denied by the Germans. Besides these a French warship recently sank a submarine off the French coast and three British merchant captains have put in claims for the rewards offered for merchantmen ramming German underwater craft. One of these claims, that of the captain of the steamer Thorilds, has been allowed by the admiralty and the reward paid.

The news of a Russian victory and the renewal of the attack on the Dardanelles lacks official confirmation, but comes from sources usually well informed. Russian victories are announced in private telegrams received from Bucharest by way of Rome. These state that the Russians have won a great victory on the Austrian extreme right in Bukovina and that with strong new forces they have driven the Austrians back in Uzok pass of the Carpathians.

It is thought here that the Russians, by bringing up new forces, may have succeeded in turning the Austrian right and in reaching the Sereth river, thus getting behind the Austrian army operating in the vicinity of Czernowitz.

Big events at Uzok Pass are expected as both Russian and Austrian official reports spoke of heavy fighting.

ORDERS BATTLESHIP GEORGIA
FROM VERA CRUZ TO PROGRESO

Rear-Admiral Caperton Reports that Port of Progreso is Still Open—Georgia Will Join Cruiser Des Moines.

Washington, March 25.—Rear-Admiral Caperton, commanding the American fleet in Mexican waters, today ordered the battleship Georgia from Vera Cruz to Progreso, where there have been local troubles. His despatch reporting the movement of the Georgia said the Port of Progreso was still open.

The Georgia will join the Cruiser Des Moines now at Progreso guarding foreign interests and seeing to it that the port is kept open to commerce. Their presence is expected to aid in the maintenance of order in Yucatan where the sisal hemp growers are trying to get out their crop needed by American twine manufacturers.

Secretary Bryan said today conditions had grown more favorable in Yucatan and that there were reassuring indications that arrangements soon would be completed for shipment from Progreso and Merida of 1,000,000 bales of sisal already contracted for from the Yucatan government by American interests. Details of the plan, the secretary said, were being concluded in co-operation with the twine manufacturers.

Rear-Admiral Caperton reported to the navy department that the Alvarado government Carranza's faction in Yucatan had taken over the Yucatan railroad.

GIVE MILITARY AND NAVAL BALL
IN HONOR OF VICE-PRESIDENT

Thousands Attend Climax of Series of Entertainments in Honor of Marshall.

San Francisco, March 25.—Vice President Thomas R. Marshall completed a fourteen hour day of social activity at the military and naval ball at the civic auditorium tonight. Thousands attend the ball, the climax of the series of entertainments in the vice president's honor during his week's stay here as the representative of President Wilson at the formal dedication of the Panama-Pacific Exposition.

The vice president and Mrs. Marshall occupied a box with officials of the exposition and military and naval officials. Earlier in the day the vice president was the luncheon guest of the San Francisco Commercial club. Later he attended a reception at the Indiana state building where he was received by former Vice President Charles V. Fairbanks.

The Commonwealth club, entertained the vice presidential party at dinner.

To Visit San Diego.

San Diego, Cal., March 25.—Vice President Marshall and party, now in San Francisco, will come to San Diego from San Pedro Sunday on a torpedo boat destroyer of the Pacific fleet if fair weather prevails. This plan was outlined in a telegram today by President G. A. Davidson of the Panama-California Exposition from Franklin D. Roosevelt, assistant secretary of the navy. Mr. Roosevelt was a member of the vice president's party in arranging the itinerary. The trip by water from San Pedro to San Diego is about 200 miles.

HORN IS TAKEN TO BOSTON TO
BE TRIED IN FEDERAL COURT

PORTLAND, Me., Mar. 25.—Werner Horn was taken to Boston tonight to be tried in the federal court on charges that he transported explosives in passenger trains, in connection with the attempted destruction of the International railway bridge at Vancouve.

Unsuccessful efforts were made by Horn's counsel to obtain a writ of habeas corpus from the two United States court judges here today. Judges William L. Putnam and Clarence Hale both declined to grant such a writ. The transfer of the prisoner to Massachusetts was directed by Judge Putnam at the conclusion of the hearing on the application of the district attorney for an order of removal.

ing there and with the troops released by the fall of Przemyśl the Russians might be able to dispatch strong reinforcements quickly to this point.

Russians Resume Offensive.

The Russians also have resumed the offensive in the region of the Pilica river, southern Poland and have, according to the Petrograd statement, taken an important German position, while in the north heavy fighting again is in progress along the east Prussian frontier, despite the condition of the ground.

On the western front, although a certain liveliness is exhibited at some points, no important action has occurred. Reports coming across the Italian border tell of increasing preparation in that country for war although, it is added, German diplomats have not given up the hope of inducing Austria to make territorial concessions that would satisfy both Italy and Romania. King George's visit today to Admiral Sir John Jellicoe's fleet.

AMERICAN FLAG BADLY
TORN BY ZAPATISTAS

RECEIVE NO REPLY FROM REQUEST FOR REPARATION FOR INSULT

Incident Occurs on Occasion of McManus in Mexico City—Several Foreign Flags Have Been Violated at Manzanillo.

Washington, March 25.—How the American flag, which was flying over the home of John B. McManus, a citizen of the United States in Mexico City was "torn and dragged half way down the pole" by Zapata soldiers when they murdered McManus and looted his house two weeks ago is told in despatches from the Brazilian minister, made public today by Secretary Bryan.

Ask Reparation for Insult.

This incident was reported at the time the death of McManus was being investigated but there had been no announcement of it until today. Secretary Bryan said reparation for the insult to the flag had been asked for from the Zapata authorities but that so far no reply had come. In answer to inquiries he said there had been no demand for a salute to the flag as in the Tampico affair.

An expression of regret for the killing of McManus already has been received from General Pallasos, the Zapata commander with a promise of indemnity for the family and punishment for the slayers if apprehended.

Mr. Bryan explained that the Brazilian minister in reporting McManus' death March 11th, mentioned only the fact that the American flag was flying over the house. The next day he sent a further report referring to "the desecration of the flag."

An inquiry from the department as to what this meant brought an explanation on March 18th, that an American committee which investigated the occurrence reported to him that "following a fustian which preceded the general entry of the Zapatas into the house the flag was badly torn by the Zapatistas and dragged half way down the pole."

Violate Several Foreign Flags.

The same committee the minister reported had submitted to him a photograph of the house and flag. In this connection it became known today that several foreign flags had been violated recently at Manzanillo, among them the American flag over the house of an American ranch man. When the matter was called to the attention of General Carranza he denied the truth of the reports of American and British consuls.

Wilson Confers with Customs Service Head on Odenwald Case

Assistant Secretary Declines to Discuss his Visit with President.

Washington, March 25.—President Wilson had a conference today with Assistant Secretary Peters of the treasury in charge of the customs service of the government, the most active branch in the enforcement of neutrality. Mr. Peters declined later to discuss his visit but it was understood that the president was given all the information in the possession of the treasury concerning the recent attempt of the German steamer Odenwald to leave the port of San Juan, Porto Rico, without securing the necessary clearance papers.

Officials said tonight that no special investigation had been undertaken to discover whether there is an active agent in this country directing the movements of merchant ships of any of the belligerent nations.

The bureau of investigation of the department of justice, however, has been actively at work on matters connected with preservation of American neutrality since the war began.

COL. DES CLAUX IS GIVEN SEVEN
YEARS SOLITARY CONFINEMENT

PARIS, Mar. 25.—(9 p. m.)—Colonel P. DesClaux, former paymaster general in the French army charged with stealing military stores was convicted today and sentenced to seven years' solitary confinement and military degradation. His name was ordered removed from the list of the legion of honor.

Madame Bechoff, the wife of a German, in whose house the stolen goods were found, also was declared guilty by the court martial and sentenced to two years imprisonment. A soldier named Verges, who was accused of aiding in the thefts was given a one year sentence. All the other defendants were declared not guilty.

HUEY GOES INTO LEAD.

Chicago, (March 25.—)William Huey of Chicago went into the lead in the world's three cushion billiard championship tournament here tonight defeating John Daly of New York 50 to 35 in 67 innings. Huey had a high run of nine and Daly, five.

War News Summarized

The Russians have lost no time since the fall of Przemyśl in attempting their drive in the Carpathians to reach Hungary. In the various mountain passes, where already thousands of men have fallen, Russians and Austrians are in another death grip, the one army to force its way through the mountain passes the other to beat back the invaders.

The Russians are striking their hardest blow on the eighty mile front between Bartfeld and Utsok and although the operations are being carried on under the most difficult conditions the claim is made officially that they are developing "with complete success."

While it was thought a day or two ago that the Germans were preparing to undertake powerful offensive in Flanders, nothing has come of this up to the present, so far as is known. In fact the operations in the western war zone of late have been of an insignificant character.

The British admiralty announces the end of the famous German submarine U-29, which had to its credit the sinking of several British steamers and the torpedoing of others. In making the announcement the admiralty said it had good reason to believe that the U-29 had been sunk with all hands. More than ordinary interest attached to the U-29 because of the belief in some quarters Lieut. Weddigen, who was in command of the submarine U-9 when she sank three British cruisers in the North Sea last September, had been promoted to the command of the newer and larger boat.

Meanwhile other German submarines have been active and the U-28 has sunk the Dutch Steamer Media which, according to the British admiralty was flying the Dutch flag and had a Dutch crew aboard.

SUBMARINE U-28 SINKS DUTCH
STEAMER OFF BEACHY HEAD

Crew of Media is Given Fifteen Minutes to Leave the Vessel—Trawler Albrecht is Attacked.

Dover, March 25.—(11:25 p. m.)—The Dutch Steamer Media was sunk off Beachy Head this morning by the German submarine U-28. She carried a cargo of oranges and was bound from Saloniki for London.

The Media was stopped by the submarine and the crew were given fifteen minutes in which to leave the vessel. They did so and the submarine then fired several shots at the steamer which remained afloat for an hour. The crew rowed about in their boats until picked up by a destroyer which brought them to Dover.

The trawler Albrecht was attacked by a submarine today.

A torpedo passed within ten feet of the fishing boat while she was crossing the channel.

A British patrol boat chased the submarine which however, disappeared.

Was Flying Dutch Flag.

London, March 25.—(midnight)—The admiralty, in reporting the sinking of the Media by the U-28, says:

"The ship was flying the Dutch flag and had a Dutch crew aboard. Her name, Media Amsterdam, was painted in large letters on her sides. The ship's papers were taken by the Germans who refused to return them."

DETECTIVE IS KILLED IN A
RUNNING REVOLVER BATTLE

Another Officer is Mortally Wounded When Prisoner Suddenly Draws Gun and Fires.

Philadelphia, March 25.—James Maneely, a central office detective, was shot and instantly killed and Harry Tucker, another detective, was mortally wounded tonight in a running revolver battle with Jacob B. Miller, whom they had attempted to arrest on a fugitive warrant.

Miller, who is wanted at Princeton, N. J., escaped and has not yet been apprehended.

The two detectives were assigned tonight to arrest Miller who had been located in the northeastern section of the city. They succeeded in placing him under arrest without difficulty and without searching him for weapons, started to walk to a patrol box several squares away. After they had gone some distance, according to the police, the prisoner made an excuse to stop and then suddenly shot Tucker twice. Both bullets took effect in the detective's body.

Miller then darted up an alley, pursued by Maneely, who drew his own revolver. Turning, the fugitive then killed Maneely with one shot and escaped before the crowd which had gathered at the sound of the shooting could overtake him.

HOUSE PASSES CATTLE
DISEASE RELIEF BILL

PROVIDES FOR NEARLY \$1,000,000 TO REIMBURSE FARMERS

Browne Seeks Postponement of Measure in Favor of one to Refund Railroad Fares to Legislators—Senate Members Leave for Homes.

Springfield, Ill., March 25.—By a vote of 105 to 1 the lower house of the legislature today passed the bill providing for an appropriation of nearly \$1,000,000 to reimburse farmers and stock raisers for cattle slaughter in the effort to stop the foot and mouth disease epidemic.

The bill as passed was prepared by the house appropriations committee as a substitute for the Curtis bill appropriating \$1,500,000 for the same cause, which was passed by the senate. The house bill now goes to the senate.

Moves to Postpone Bill.

Representative Lee O'Neill Browne of LaSalle moved to postpone the passage of the measure until after the bill refunding the legislators their railroad fares was acted upon.

This bill also provided for the employment of secretary for each legislator at a salary of \$1,000 each per session. Representative Turnbaugh and Holiday thought the same action could be obtained through a resolution instead of a bill and the matter was referred to a substitute committee which is to decide in what form it shall be introduced.

A bill introduced by Representative G. H. Wilson of Quincy would make void marriages in other states within one year after obtaining divorce in this state.

SENATE RECESSES UNTIL TUESDAY.

Having completed the work of organizing the upper branch members of the senate went to their homes this afternoon with the understanding that no more work will be taken up in that body until next Tuesday morning. As soon as the members re-assemble the executive committee will meet and select a committee of five authorized to investigate Governor Dunne's recess appointments.

In debate, when the governor's appointments were under discussion on the floor of the senate today, assurance was given from the Republican side that no intention exists to embarrass Governor Dunne or any one else.

Patrolage is Divided.

The question of senate appointees was settled today by a division of the patronage between the Republican and Democratic sides. The division was about equal and both sides express satisfaction with the result.

Chicago's appeal for "home rule" in public utilities regulations was presented to the house committee on public utilities this afternoon by Alderman Charles E. Merriam and Henry D. Capitani of that city. At the conclusion of the session, which lasted all afternoon, Chairman McCormick announced that the hearing will be resumed next Wednesday afternoon. Alderman Merriam took the position that while the city of Chicago and its council has no quarrel with the state public utilities commission and has no criticism to offer of the work of that body, the people were being deprived of their just rights in the taking away from them of the power to take care of their public utilities.

Discusses Boxing Bills.

The three boxing bills providing for the creation of a state commission to regulate boxing which have been introduced in the house were discussed briefly today by the house miscellany committee. Three bills providing for the abolishment of capital punishment were reported out today by the house judiciary committee with the recommendation that they be considered by the house sitting as a committee of the whole.

Governor Dunne will be invited to address the house on the subject.

The house committee on education decided to hold a public hearing on the teachers' pension bill at 2:30 p. m. on April 7th. The same committee will hold a public hearing on the vocational education bill at 2:30 p. m. on April 14th.

COMPLETE ARRANGEMENTS TO FEED
FRENCH BEHIND GERMAN LINES

London, March 25.—(7:45 p. m.)—Herbert C. Hoover, chairman of the American commission for relief in Belgium who returned to London from Paris today, announced that the negotiations for feeding 2,500,000 French civilians who are behind the German lines have been completed. The arrangements were made between Mr. Hoover and French delegates, whom the Germans permitted to journey to Paris by way of Switzerland to attend the conference.

For the past two months the commission has been reluctantly extending the distribution of relief farther and farther southward from the Belgian frontier into France and for the past month has been feeding over 500,000 French persons between Maubeuge and Sedan.

PHYSICIAN DECLARES JOHNSON
IS IN FINE PHYSICAL CONDITION

Jack Welsh of San Francisco Has Been Named Referee—Small Bets Make Johnson Favorite.

Havana, March 25.—A physical examination by an American physician of Jack Johnson today disclosed the fact that the heavy-weight champion who is to meet Jess Willard in the ring on April 4th, is in fine condition; that he is enjoying perfect health and that all the organs are normal. The physician declared that his conditions were remarkable for a man 38 years old.

In addition Johnson has been exhibiting an abundance of spirit and is looking forward with confidence to the coming fight.

The usual routine marked the afternoon work of the two men. Plans have been completed for stands at the Mariano race course to accommodate between twenty and thirty thousand people. There has been a good sale of the cheaper seats to Cubans. It is expected that the box and ringside seats will be sold principally to tourists and fight enthusiasts from the United States.

The betting on the fight has not been very extensive but the small bets so far laid make Johnson the favorite at from 2 to 2-1-2. Jack Welsh of San Francisco has been named referee. He was selected at a meeting of the principals and promoters tonight and the promoters sent a cablegram to him asking his acceptance.

Tom Jones was spokesman for Willard; Johnson acted for himself. Welsh was selected from a list of fourteen men. Harry Sharp of St. Louis and Mike Donovan of New York were also favored but Welsh won.

The proposal to name a substitute or an alternate was deferred until word should be received from Welsh.

LONDON BANKERS ASK REVIEW OF
LITIGATION IN ILLINOIS COURT

English Firms Assert Title to Coffee in Hands of Chicago Merchants on Grounds it Was Not Paid For.

Washington, March 25.—London bankers through counsel today made application to the supreme court for a review of their litigation in the Illinois federal courts with American bankers over the proceeds of a large quantity of coffee in the hands of Reichmeyer and company, Chicago coffee merchants, at the time the firm went into bankruptcy.

One of the grounds for the request is that the London bankers were misinformed at the white house as to the date a new law would go into effect cutting off their right to appeal such a case to the supreme court. It is claimed they were told the law would go into effect April 1st, 1915, when the date really was January 8th, 1915.

The English firms, Arbutnot, Latham & Co., Dennistoun, Cross & Co., and Arthur S. Brandt & Co., assert title to the coffee on the ground that it was not paid for.

American bankers including houses in Illinois and Indiana set up title by reason of having purchased ware house receipts from the bankrupt company. It is urged that the case has an important bearing on the recent ruling of the federal reserve board relative to acceptances.

LADY PAGET IS REPORTED DEAD
FROM TYPHUS FEVER IN SERBIA

BERLIN, March 25.—By wireless to Saville—Lady Paget, chief of the British Red Cross mission in Serbia, is reported by a Serbian daily newspaper to have died from spotted typhus fever, according to a news item given out today by the Overseas News Agency.

The only Lady Paget who has been mentioned in connection with relief work during the present war is an American born woman, the wife of General Sir Arthur H. Paget, commander of the forces in Ireland. This Lady Paget was the daughter of the late Paron Stevens of New York. At the outbreak of the war, Lady Paget was chairman of the American Women's War Relief fund in London. Recently General Paget has been on an official mission in the Balkans.

HAS CREW OF TWENTY-FIVE

HONOLULU, March 25.—The American submarine F-4 which was submerged at 9:15 a. m. today, two miles off Honolulu harbor, had not reappeared at nightfall and grave fears were expressed for its safety. The F-4 carries a crew of 25 men and is commanded by Lieut. Alfred L. Ede.

Scour Ocean For Miles.

The three other submarines of the "F" group stationed here, the naval tug Vavajo and launches were scouring the ocean for miles about the harbor entrance tonight in search of the missing vessel. Naval officials said they were hopeful that no serious mishap had befallen the F-4, but they admitted that the circumstances of the craft's prolonged disappearance gave rise to much apprehension. The little flotilla of submarines was engaged this morning in target practice. It was not regarded as unusual that the F-4 should remain under water for an hour or more in the course of the maneuvers but when noon came and the vessel continued submerged anxiety began to be felt. This increased as the afternoon wore on and the other submarines began a systematic search for the F-4. The naval station was notified and other vessels were sent out to aid.

Most of the 25 men aboard the F-4 are married and have families. Later tonight it was reported that the F-4 had been located lying at a depth of 120 fathoms. Attempts to bring the vessel to the surface with grappling hooks had failed. No signal bells had been heard from the submerged craft and this fact led to fears that the submarine's tanks had burst, suffocating the crew with sulphuric acid fumes.

It was pointed out that a submarine's bell had a wide range and could be heard readily if signals were given.

Rear-Admiral Charles B. T. Moore, commandant of the Honolulu station, said the men on the F-4 would be in no danger of suffocation ordinarily for at least twenty-four hours and that if the vessel's air apparatus remained in good order, the crew might live a week submerged. He said, however, that the F-4 lacked food supplies.

Was Launched at Seattle.

Seattle, Wn., Mar. 25.—The Submarine F-4 with the F-3 was launched here January 6th, 1912 and was the first craft of that kind built by the Seattle Construction & Drydock company.

J. V. Patterson, president of the company, said tonight that the F-4 was submerged 24 hours at her builders' trial and could easily be raised without water that length of time without inconvenience to the crew.

The F-4 which cost \$500,000 is 142 feet 7 inches long, 16 feet, 10 inches deep and 15 feet, 3 inches beam. Submerged the vessel displaces 400 tons of water. She was designed for a minimum cruise radius of 200 miles and fitted with four torpedo tubes.

EVERYTHING READY FOR GENERAL
MOBILIZATION OF ITALIAN ARMY

LONDON, (March 25.—(9:45 p. m.)—A Rome despatch dated March 24th, received by the Central News by indirect route says:

"Everything is in readiness for a general mobilization of the Italian army. Seven complete classes are already under the colors."

"The departure of Austrian and German families is reported from all parts of Italy; it is estimated that about 3,000 persons of these nationalities have left Rome. Trains from Milan and Venice to the frontier are filled with Germans and Austrians and large numbers of Hungarians have left Venice by steamer for Trieste."

REFUSE GERMAN ATTACK.

Paris, via London, March 25.—(11:27 p. m.)—The French war office issued the following official statement tonight:

"The day passed calmly and there is nothing to report except a German attack at Notre Dame de Lorette which was repulsed."

Department Cites Danger to United States if Exports Continue Until New Grain Comes In

Washington, D. C., March 22.—Warning that the present heavy exports to European nations of American wheat and flour cannot be continued without endangering the wheat supplies for food and seedling requirements at home was contained today in the department of agriculture's agricultural bulletin. In the opinion of the department's experts exportation at the same rate during December, January, and February until the coming of the new wheat would encroach upon normal domestic needs.—From Chicago Tribune, March 23, 1915, page 4.

REV. W. W. THEOBALD TALKED ABOUT CONFESSION LAST NIGHT

"Confession as a condition of salvation" was the subject last night of Rev. W. W. Theobald at the Brooklyn M. E. church revival. He took for a text First John 1-9, "If we confess our sins, He is just to forgive our sins and to cleanse us from all unrighteousness." Just as soon as a person reaches the point where he admits that he is a sinner, God's forgiveness will surely follow his confession of the same. The discourse was a strong appeal to men and women to give up sin and follow the Savior.

The subject for tonight will be "Counting the Cost." Rev. J. M. Beadles will take charge of the services Sunday morning.

SEEKS NEW INDICTMENT.
Topeka, Kan., March 25.—Fearing that Charles Oldfield, charged with the theft of \$25,000 from a registered mail package, would escape prosecution because the time limit set by the statute of limitations in which he could be prosecuted would expire April 5th, Fred Robertson, United States district attorney, today caused grand juries to be called in Denver, Colorado and Kansas City, Kansas.

The Denver grand jury will sit Monday and Robertson will ask Oldfield's indictment on the charge of larceny. The Kansas City grand jury will meet April 1st and indictment on an embezzlement will be sought.

CHARLEY WHITE OUTFIGHTS

LEACH CROSS IN TEN ROUNDS

Both Men Fight Deliberately, Trying Hard for a Knockout and Sacrificing Science for Fighting.

New York, March 25.—Charley fought Leach Cross of New York in a ten round bout here tonight, White getting the honors in five rounds and Cross in two, while three were even. The weights were announced as Cross 131 1-2; White, 129.

Both men fought deliberately, trying hard for a knockout and sacrificing science for fighting. The bout started slowly but Cross's aggressiveness earned him the first round. The second was even and White earned the third when a right cross to the jaw shook Cross up. In the fourth Cross was kept busy defending himself but he held White even in the next round. Cross took the sixth as White refused to trade punches. The local boy became aggressive again in the seventh but a fast rally gave the round to White. The eighth was even although a left hook brought blood from White's nose.

The ninth was the hardest fought round, White dealing out severe punishment. The final round brought frequent mixups with Cross a trifle wild.

SON IS BORN TO DAUGHTER OF EMPEROR WILLIAM THURSDAY

LONDON, Mar 25—(10:35 p. m.)—The Duchess of Brunswick, formerly Princess Victoria Louise, daughter of Emperor William, gave birth to a son this afternoon, according to a despatch from Brunswick received by Reuters' Telegram company by way of Amsterdam.

The marriage of Prince Ernest August of Cumberland and Princess Victoria Louise, took place at Berlin on May 24th, 1913. Their first son was born March 18th, of last year.

NELSON WINS DECISION.

Havana, March 25.—Battling Nelson won the decision tonight over Jimmy Fryer in a 25-round fight.

ALIENS LEAVE FOR NEW YORK.

Norfolk, Va., Mar 25.—The seventy-six aliens removed from the French steamer Floride before that vessel was sunk in the South Atlantic by the German converted cruiser Prinz Eitel Friedrich left here tonight by steamer for New York. It is understood they will be sent to Havre.

They were brought here today from Newport News where the Eitel Friedrich is awaiting repairs.

PASS NORDYKE BILL.

Des Moines, Iowa, Mar. 25.—The Nordyke bill providing for submission of the constitutional woman suffrage amendment to the voters of Iowa at the primary election in 1916 instead of the general election was passed by the house today by a vote of 67 to 36.

Friends of the equal suffrage are not sure they aided the cause materially by setting the election at that time.

CARRANZA TROOPS

Douglas, Ariz., Mar. 25.—A newspaper special received today says Colonel Miguel Samaniego with 700 Carranza troops captured Mochizuma, a county seat in Sonora, after a brief battle Saturday in which 33 Villa soldiers were killed. A number of civilians were then executed, including a judge. His secretary, an American named McGuire, was killed in the fight. It is reported.

GOLF STARS AT PINEHURST.

Pinehurst, N. C., March 25.—Two big golf events brought to Pinehurst an added influx of vacationists today. The first event, which is being played on the famous Pinehurst Golf Club course today, is the four-ball best ball match for amateurs and professionals. Francis Ouimet, the national amateur golf champion, is on the course, and a big gallery is following him.

The next event is the North and South open championship, which will be played tomorrow.

FIRST CITY KITE

Pittsburg, Pa., March 25.—Pittsburg will have tomorrow its first municipal kitting contest. The school children of all ages are to compete, and prizes will be given. The scheme is part of the new idea of recreation for city children, which is being put into practice here.

W. F. Ashe, superintendent of the new civic bureau, will also endorse the playing of marbles "for keeps." He has a plan to make the game one of skill, so that the gambling element will be eliminated to a great extent.

MEETING OF CHICAGO ILLINOIS COLLEGE ALUMNI

The Chicago society of Illinois College alumni recently had an enthusiastic meeting with a good attendance, at the University club building. In the absence of Pres. Rammelkamp, Prof. J. G. Ames ably represented the college and made a forceful address on the topic, "Signs of Progress in Old Illinois during the past Fifteen Years." He was heard with close attention.

The banquet was a fine affair and at its close President J. A. Meek introduced Dr. Geo. E. Baxter as toastmaster and speeches were made by W. T. Harmon who spoke on the athletic situation; Andrew Russell who represented the trustees; John M. Clapp of Lake Forest and formerly of the faculty of Illinois College; Prof. Carlton, librarian of Newberry Library; J. E. Kehoe, J. T. Ward, J. M. Grimes, J. C. Stevens and others.

The meeting was attended with much enthusiasm and a spirit of devotion to the college was very evident.

The officers chosen were:
President—J. R. Ward, 773.
Secretary-treasurer—R. W. Cooke

START OF A FORTUNE.

The Boy Who Began His Career by Buying Soap at Auction.

A boy eleven years old stood at an auction room door and gazed with interest at the crowd of men gathered round the auctioneer. His curiosity led him to enter the room. His attention was attracted to several boxes of toilet soap, the kind, he noticed, that his mother used at home. He had often been sent to the drug store to buy it for her. "Ah," he said to himself, "perhaps I can buy this soap cheap. I will sell it and make some money."

As fast as his feet would carry him he ran to the drug store where his mother traded and sought out the proprietor. "How much would you give me for a box of that soap such as my mother buys?" he asked. The druggist, ready to please the boy, named a certain price. When the youngster asked if he could use several boxes the druggist thought it was a good joke and replied that he could use all that the lad would sell him.

The boy hastened home. He emptied his little savings bank and ran back to the auction rooms with the money carefully wrapped in a handkerchief. The soap was still unsold, and the boy edged his way through the crowd to the platform. When the soap came under the auctioneer's hammer the boy's little piping voice made the first bid. The other buyers were so amused at his youth and his serious manner that they let him carry off his transaction without a contest, and the boy got twenty-two boxes of toilet soap at a small fraction of their value. When the auctioneer asked his name he answered, "Charles Yerkes."

The lad took the boxes of soap to his purchaser, the druggist, who, open-eyed with surprise, inquired where he had got them. "I bought them at the auction," he said proudly. "I could have done that myself," complained the druggist, but as he had promised to buy the soap he had to keep his word. That was the beginning of an unusual business career. In later years Charles Yerkes became famous in both England and America as a financier and a conductor of great business enterprises.—Youth's Companion.

Selim the Grim.

Sultan Yavuz Selim (Selim the Grim) is certainly not a pleasant Turkish potentate to recall. When he created his secretary Mohammed grand vizier the poor man had to be bastinadoed into accepting the honor. For "Mayst thou be Selim's vizier!" was a well understood equivalent of the time for "Strike you dead." Selim loved literature, however. The poem which his brother wrote, in the hour's grace granted before he was strangled with every other possible rival to Selim, moved the sultan to tears. But it did not save the poet.—London Chronicle.

When You Travel.

Don't wait until you reach the station, a few minutes before it is time for the train to start, before you find out the time for starting, arriving at your destination and the time of connection. Other passengers wish to take the same train and must buy tickets. And don't argue the question of the price of your ticket with the ticket seller. The price is settled by the managers and directors of the road. If the price is unjust, address a communication to them and stay at home till the price is satisfactory or pay it and keep still.—Exchange.

Rattlesnakes.

Advancing civilization is fast diminishing the rattlesnakes on the American continent. There are said to be twelve species and thirteen varieties. While the poison of this snake is usually fatal to man, it never attempts to strike unless it is molested.

A RARE DISPLAY OF FINE ART AT WOMAN'S COLLEGE

Productions of Best American Masters to be Seen for Two Weeks at Institution.

This morning in the Phi Nu and Belles Lettres halls of the Woman's College will be exhibited some of the choicest productions of American artists. Naturally the students of the Woman's College will be the principal ones to enjoy these choice paintings but Dr. Harker has arranged it so that the pupils of the various schools the members of the public clubs and the people in general may also have a view of the rare treasures exhibited.

Among the artists represented in the collection are E. S. Church, Geo. H. Smillie, Edward Redfield, T. Irving Couse, Edward Potthast and many others whose works have gained for them a great reputation. Landscapes representing summer and winter scenes, portraits and the various productions of genius will delight all who call to see the rare collection.

Public school pupils accompanied by a teacher will be admitted free during the mornings, while Women's clubs are requested to arrange for evenings, as the exhibition will be here two weeks. The collection is one secured by the Academy of Design of New York and has been in various parts of the land coming here from Peoria and going hence to Springfield.

Supt. Collins of the city schools has arranged with Dr. Harker so that the various teachers may have an opportunity to visit the collection, while for evenings, arrangements have already been made by the Art club, Woman's club, Sorosis and the D. A. R. All other clubs of both men and women are cordially invited to arrange for evening meetings at the college so as to enjoy the exhibition.

To regulate the attendance, all except the above mentioned will be asked for a small admission fee to defray expenses.

Rarely is the city favored with such a collection of art works and every one in Jacksonville should endeavor to see the beautiful creations of pencil and brush before they are removed.

PREPARATIONS FOR BATTLE FOR MATAMOROS ARE IN EVIDENCE

Armies Will Total About 12,000 Men—Four Thousand Villa Cavalry Leave Reynosa.

Brownsville, Tex., Mar. 25.—Preparations for a battle by armies totalling about 12,000 men for possession of Matamoros, the Mexican town opposite here, are in evidence. Five thousand five hundred Villa troops were today within fifty miles of Matamoros and 3,000 more are a short distance outside this zone, according to despatches reaching here.

United States Immigration Inspector VanCurtis at Hidalgo, Tex., on the border fifty miles west of here, telegraphed today that 4,000 Villa cavalry had left Reynosa, Mexico, opposite Hidalgo, this morning for Matamoros. Meanwhile a Villa advance guard of 1,500 was reported nearing Matamoros from the same direction.

Behind the cavalrymen from Reynosa are reported to be 3,000 infantrymen and artillerymen who are repairing railroad lines as they advance.

The offices who left Reynosa this morning are reported to have predicted they will reach Matamoros by Saturday morning. They are claimed to be about 4,200 Carranza troops in Matamoros. They are said to be well supplied with artillery and ammunition.

LIGHT SQUADRON PENETRATES DARDANELLES AS FAR AS MINE ZONE

LONDON, March 26.—(3:06 a. m.)—Telegraphing Tuesday from Saloniki the Daily Mail's correspondent says:

"Notwithstanding the continuance of the gale a light squadron today penetrated the Dardanelles as far as the mine zone and completed its reconnaissance without incident. The mine sweepers continue their work."

"The cessation of hostilities owing to the bad weather has enabled the Turks to effect important repairs to the more seriously damaged forts and to bring new guns into position, replacing those destroyed by the fire of the warships. The naval action will be resumed shortly. Travelers say the Turks are forcing all Greeks to leave Prinkipo Island in the Sea of Marmora south of the Bosphorus to prevent them from watching preparations in the sea of Marmoras."

REPORT ILLNESS OF

GERMAN CROWN PRINCE

Geneva, via Paris, March 25.—(11:55 p. m.)—Italian travelers who have recently arrived at Lausanne from Berlin say that the German crown prince is suffering from a nervous breakdown, in a private nursing home near Potsdam and that the crown prince is helping to nurse him. This might explain the long silence concerning the whereabouts of the crown prince. According to the same authority his illness is not considered serious.

SCOTT'S THEATRE

This Afternoon and Night

A positive guarantee that this picture has never been shown in Jacksonville before. This is the original QUO VADIS in 8 reels.

Since George Kleine made his enormous success of the Cines photo-drama "Quo Vadis," a host of cheap imitators have entered the field of competition. However, as the Kleine production includes eight wonderful reels and is only produced in the high class theatres of the country and has never been leased for state rights or ordinary moving picture houses, the general public have been quick to discriminate between the big and the little "Quo Vadis." In the big cities of the East, Mr. Kleine's production was taken up by the fashionable society and theatre parties of the "four hundred" were a frequent occurrence at the Astor Theatre in New York. The George Kleine production of "Quo Vadis" will be the attraction at Scott's theatre. Shows will start promptly at 2:30, 4:30, 6:30, and 8:30. Will run through the supper hour. Adults, 20c; Children, 10c.

With the first show only these four reels will be given:
Dorothy Kelly in "Mother's Roses"—Vitagraph
3-act drama.
"One Kiss"—Selig Comedy.

REV. DR. PETER AKERS McKENDREE'S FIRST PRESIDENT

The St. Louis Republic recently contained an extended story of Mr. McKendree college and in speaking of Rev. Peter Akers it says: "By 1834 McKendree college had become such an important institution that the principalship was metamorphosed into a presidency. The first president of the college was Rev. Dr. Peter Akers, almost nationally known in those pioneer days as a great preacher and as a profound scholar. His picture hangs upon the wall of the college administrative office and his memory is highly revered by all who know and love the institution. Dr. Akers is accredited with having been the greatest of McKendree college presidents. He served as head of the college at three different periods. He was one of the early advisers of Abraham Lincoln and is said to have done much toward shaping the career of the great president."

LARGE CROWD WITNESSES "QUO VADIS" AT SCOTT'S

Of all the attractions that Manager Scott has brought to his photographic theatre on the east side of the square, probably the most thrilling and spectacular is the one which started a two days engagement Thursday—"Quo Vadis." The arguments which saw the picture both afternoon and evening seemed unusually well pleased with the production.

The picture shown here is George Kleine's production and its eight reels are highly realistic, and the press comment—"A marvel in photographs"—seems not a bit out of place. The picture is to be shown again this afternoon and tonight at the theatre.

SETS NEW RECORD.

Peoria, Ill., March 25.—W. H. Pierce of Pueblo, Colo., tonight broke the A. B. C. record in the singles when he rolled 711. The spurt taken by Pierce came near the end of a listless day's bowling. He rolled 276, 226 and 209 in his three games. Only once before in the history of the A. B. C. has the 700 mark been reached.

TESTIFIES ELECTION BOARD REGISTERED VOTES ON MACHINE

Alleged Exploits of Joe Jeffers Are Related at Trial of Terre Haute Election Fraud Case.

Indianapolis, Ind., Mar. 25.—Alleged exploits of Joe Jeffers and his especially selected election board in the Taylorville precinct were described this afternoon at the trial of the Terre Haute fraud case in the U. S. district court here. Jeffers has pleaded guilty and probably will testify tomorrow.

"Not a single repeater appeared at the Taylorville precinct," said Charles Yagle, a member of the special board who has pleaded guilty. "We didn't need them." Yagle then explained that Jeffers brought to the board a list of names, the clerks wrote the names on the election books and that the members of the board then took turns registering the votes on the machine. With one or two exceptions the votes were straight Democratic, he said.

Silos

Said a well known silo dealer a few days ago to our Cashier: "Farmers who contemplate purchasing silos this year ought to get ready now. If any of your farmer customers buys a silo of me and gives me his note therefor, will you cash the note?"

Our Cashier replied: "No, we will not cash the note? We will do better than that. If any of our farmers wants to buy a silo and has not the ready cash to pay for it, we will lend him the money at attractive rates."

Our President overheard the conversation and added: "We will go further than that. If ANY farmer around here who is making good wants to buy a silo and has not the ready cash to pay for it, we will lend him the money at attractive rates—we would do the same thing to help him buy cows—for we are in position to lend farmers for the legitimate expansion of their business."

STORY'S EXCHANGE

Six gardens, plowed—six properties off the market, still we have quite a selection—Come in today.

1. FOR SALE—For a laboring man with steady work, a five room house, small barn, with a large lot of ground. Some fruit, \$800.—\$100 cash, balance monthly.

2. FOR SALE—1-2 acres ground, full set of good improvements, inside city limits. Price—Listen! \$1800, and on the easiest kind of terms. I knew you would come for that.

3. REALLY RARE—A medium sized, strictly modern, nearly new residence in pink of condition, and location 100 per cent. to the good, for sale—\$3990—and you keep most of the money.

4. A long established hotel business—not for sale—but the building is. Close to square, \$3600, but we don't need all the money, nor very much of it. Good rental property.

5. FOR SALE—A small grocery stock—fresh and new, stock and fixtures about \$500.

6. FOR SALE—A combined stock of groceries, dry goods and shoes. About a \$5000 stock. Will trade for land. This is a firmly established and prosperous business—nothing counterfeit. Just a good honest proposition.

7. FOR SALE—640 acre farm—level black land, two miles from town. New 7-room house, barn for 16 horses and a car load of cattle; granary for 3500 bushels grain. Raised in 1914, 10,700 bushels grain that sold for over \$6000, and can be had for less than \$75 per acre, on 15 years time. Now come on, or get off!

JACKSONVILLE BUSINESS COLLEGE CLUB HOLDS CELEBRATION

Third Annual Banquet of the Organization Proves Success in Every Way—Splendid Program Given.

Three years ago some of the graduates of Brown's Business college decided to form a club and each year to celebrate the affair with a banquet and the idea was happily carried out. Last evening the third banquet was enjoyed in the college hall.

First came the banquet which was prepared by the ladies of the First Baptist church, admirably served and greatly enjoyed. The menu was:

Chicken pie a la J. B. C.
Penmanship Peas
Potatoes nee Stenotype
Bookkeeping Gravy
Calculation Pickles
Cupid Salad via Correspondence
Typewriter Wafers
Ambrosia Cream

Peek & Read Angel Food
Salesmanship Coffee
Music for the occasion was furnished by J. B. C. orchestra and was of a fine quality, the young people showing good ability as musicians and careful culture and practice as well.

After all had eaten President Greer called the gathering to order and it was indeed a fine assembly of young men and women.

The first order of business was the election of officers for the ensuing two years and resulted as follows:

President—Henry Hadden.
Vice president—Jay Rodgers.
Secretary—Miss Treslyn King.
Treasurer—Miss Rose Springgate.

Each one responded in fitting terms and then W. C. Springgate was introduced as toastmaster of the evening. The gentleman gave a very suitable speech on the great possibilities awaiting the successful students of the institution.

S. W. Nichols responded to the sentiment, "Our first graduate," and next came the other numbers of the evening. All those whose names follow did their parts admirably. Those offering musical numbers showed rare skill and ability while the speeches and recitations were of a high order. The whole occasion was a grand success and led all present to anticipate the next event in 1916 with deep interest and eager expectation.

The Ford Is in the Lead

C. N. Priest, the Ford man, has just returned from a "get-together" meeting of Ford agents held in St. Louis. At that meeting Mr. Brown, well, the publisher of all Ford literature, including the Ford Times, at Detroit, was present and informed the agents that instead of the three hundred thousand cars that the Ford company expected to sell by August 1st it looked more like four hundred thousand, and that the refund of from \$10 to \$60 to purchasers of Ford cars, from August 1st, 1914 to August 1, 1915, is positively assured.

It is the hope of the Ford Motor company, however, that every purchaser of a car during that time will co-operate in boosting for the four hundred thousand.

Take your pencil and figure out for yourself what the car will have cost you after you get the refund. Then consider the service you get from the Ford company. No matter where you go, you find Ford parts at a very small cost.

We can't begin to tell you anything about the Ford car or the Ford service in so small a space, so please come in to the "Home of the Ford" at 228 to 39 South Sandy street and let us show you. Or, if you want a demonstration, call us up on either phone No. 331.

The new models are here and are as nifty as you can find. Everything new but the price which remains the same. Runabout, \$1400; touring car, \$2100; delivered at your door. Take the refund from that and you have the best car on earth.

C. N. Priest, the Ford man, Jacksonville, Ill.

DISSOLUTION REFUSED BY THREE FEDERAL JUDGES

Case of the United States Machinery Company Will Be Appealed.

Washington, Mar. 26.—Preparations are under way to appeal to the United States Supreme Court the government's dissolution suit against the United Shoe Machinery company, which controls most of the machinery used in the making of shoes. The Federal District Court at Boston, Judges William L. Putnam, Frederic Dodge and Arthur L. Brown, dismissed the government's suit for dissolution of the shoe machinery company, declaring they found no violation of the Sherman anti-trust act.

The shoe machinery dissolution suit was one of the most bitterly fought actions in the history of the Department of Justice. It was brought under former U. S. Attorney General Wickham, and alleged monopoly in violation of the Sherman act. The trial began in May, 1913, and cost the company, it is estimated, more than \$500,000, while the cost to the government, according to the Department of Justice, was between \$30,000 and \$40,000.

The shoe machinery "trust" controls nearly every kind of machine used in the shoe industry. It has its headquarters at Boston, and some of the wealthiest men of that city are interested in the concern. According to factory owners, the industry is entirely dominated by the machinery concern, which by leases retains control of the most important part of the machinery involved.

The only serious competitor of the United Shoe Machinery Co. for some years was Thomas G. Plant, who succeeded in arranging an independent machinery combination which threatened the so-called "trust". Plant was able to dictate terms when the United decided to buy him out. It is said that the United paid him \$20,000,000 for his business. As it was, a St. Louis syndicate formed for the purpose, nearly acquired the Plant patents and outfit, and the so-called "trust" it was said at the time, was forced to bid high to maintain their domination and break up the opposition.

It was maintained by the Circuit Court at Boston last week that the machinery of the corporation was from the beginning protected in all its essential elements by patents, and that there had been no proof to the contrary. In touching on the allegation that competitors were excluded from the use of new patents, the court replied that such exclusion may be described as the very essence of the right conferred by the patents.

The government's contention that the shoe machinery corporation had enforced its leases in an arbitrary and unreasonable manner is dismissed by the court, which, in its opinion, maintains that the fact that the company had acquired so large a portion of the business of the country is largely due to the use of extraordinarily competent methods.

NINE TONS OF FISH.

Constable J. A. Crum was in Meredosia Wednesday on business and was interested in watching the preparation and shipment of a car load of German carp which was under way while he was there. There was approximately 18,000 pounds or about 9 tons. The fish were taken from the waters of the Illinois river in a live state and were loaded in tanks of water for shipment. Connected with the tanks there is in the car a pump which is used for furnishing fresh water as required, and to force air into the tanks. The fish are consigned to a dealer in Philadelphia, Pa., and the agent of the purchaser was present to accompany the car and the shipment to its destination.

EUROPEAN WAR NOTES

London, March 25.—(8:15 p. m.)—A despatch from Shanghai to Reuters Telegram company says: "The Chinese of Shanghai are trying to organize a Japanese boycott. Placards posted over the town exhorting the people to support the boycott have been seized by the police. It is reported that anti-Japanese feeling is increasing in all the provinces."

Washington, March 25.—Continued reports of menace to lives of American missionaries and refugees at Urumiah, Persia have aroused the activity of the state department here.

Although but one official communication on the subject has been received Secretary Bryan stated today that diplomatic and consular officers in Persia, Turkey and Russia have been apprised of the reported circumstances and appealed to for any available information.

Vienna, via London, March 25.—(11 p. m.)—The following official statement was issued today by the Austrian war office:

"Our troops in the Carpathians on the front west of Uzsok Pass have repulsed heavy Russian attacks and the fighting continues. Recently we captured 1,500 of the enemy. Near Wyszok, the enemy's attack on the positions we captured Monday has failed."

"On the remainder of this front nothing of importance has occurred."

"In the southern theatre of the war there have been only isolated artillery duels on the Danube and the Save in the last few days."

"The general situation remains unchanged."

BESCHER JOINS CARDINALS.

St. Louis, March 25.—Bob Beschler, outfielder on the New York Nationals, today became a member of the St. Louis Cardinals, thereby completing the deal in which W. D. ("Poll") Perritt went to the New York club.

Miller Huggins, manager of the local Nationals, announced tonight he had received a telegram from Manager McGraw of the New York team accepting the St. Louis offer for Beschler but he refused to make known the terms of the deal.

SIGN FOR TEN ROUNDS.

Chicago March 25.—Articles were signed here today for a ten round bout to be staged within sixty days between Mike Gibbons and Packy McFarland. The fighters agreed to weigh not more than 145 pounds at three o'clock in the afternoon. The agreement signed today was the first admission ever made by McFarland that he had grown into the welter-weight division.

WARNINGS IN RUSSIAN PAPERS ATTRACT ATTENTION OF ITALIANS

Articles Refer Mostly to the "Dwindling Chances of Austria" and Say Neutrals Should Seize the Opportunity Presented to Them.

Rome, via Paris, March 25.—(4:08 p. m.)—Certain warnings appearing in Russian newspapers after an announcement of the fall of the Austria position at Przemyśl have attracted the close attention of Italian readers. They refer mostly to the "dwindling chances of Austria" and say that neutral countries should seize the opportunity now presented to them.

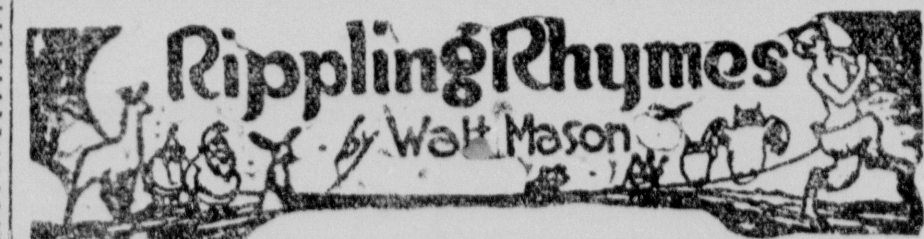

The Birgejia Viedomosti of Petrograd, says the capture of Przemyśl is as important as would be the fall of Constantinople. Austria is doomed the newspapers say.

The Petrograd Courier says the fall of Przemyśl means the neutrals must act now or never.

The Messaggero has published an article regarded as inspired which intimates that Italy cannot gain her desires by an adherence to neutrality.

"The feeling in Austrian circles," this paper says, "is that the country would rather give Galicia to Russia and so conclude a peace, than give Trent and part of Istria to Italy for the sake of Italian neutrality. Were this done it would remove the nightmare of a Russian invasion of Austria and leave Austria free to fight to the death against Roumania and Italy."

In concluding its article the Messaggero says: "The dissolution of Turkey would compel Italy to reach an understanding with Great Britain concerning her interests in the Eastern Mediterranean; furthermore the defeat of Austria would make it necessary for Italy to act in accord with Russia and Serbia to defend her interests on the Adriatic and in the Balkans. It is our opinion that neutrality or friendly negotiations can accomplish nothing."

NURSING GRIEF
I know not what may be your woe, how deep the grief you nurse, but if you bid the blamed thing go, it's likely to disperse. If you would say: "Cheap grief, depart!" you soon might dance and sing; instead, you fold it to your heart, or lead it with a string. Oh, every time I go outdoors, I meet some mournful men, who talk about their boils or sores, of felon or of wen. Why put your misery in words, and thus your woe prolong 'Tware best to talk about the birds, which sing their ragtime song; or of the cheerful clucking hens, which guard their nests of eggs; that beats a tale of corns or wens, of mumps or spavined legs. We go a-roaming of our aches, of damaged feet or backs, and nearly all our pains are fakes, when we come down to tacks. We talk about financial ills when we have coin to burn—and if we wish for dollar bills, there's lots of them to earn. We cherish every little grief, when we should blithely smile; and if a woe's by nature brief, we string it out a mile. Oh, let us cease to magnify each trifling ill and pain, and wear a sunbeam in each eye, and show we're safe and sane.

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved.

Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my housework now, where before taking your medicine it was a dread. I try to impress upon the minds of all ailing women I meet the benefits they can derive from your medicines."—Mrs. CHARLES ROWE, Kennebago, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ILLINOIS STATE NEWS

Shameful, if True.—According to figures compiled twenty-four hours after the soldiers received their pensions at the Home, it was learned that more arrests have been made among the soldiers than in the same length of time during any pension rush since the Home was opened.

Fifty veterans were under arrest at police headquarters, all charged with drunkenness. At the Soldiers' Home, in the guard house, according to an officer at the Home, seventy-two of the members were confined, all drunk.

The number of accidents, holdups and robberies reported has decreased however approximately 90 per cent for the first twenty-four hours after the pensions were paid.—From the Danville Press-Democrat.

Child's Eye Is Pierced.—Harold Rodman of Old Town, this state, is the victim of a painful accident. He was using a pocket knife and was engaged in whittling when the knife slipped and the blade penetrated his eyeball in such a manner that an incision was made in the pupil, the contents of which were released and spread over the other portion of the eye.

Local Option Ticket at Bath.—To date only one village ticket has been placed in the field at Bath, but there is considerable talk of another ticket being filed. A strong fight will be made on the local option question, Bath being one of the three places in Mason county where intoxicants are sold. The ticket recently named is as follows: Village ticket, president, L. K. Keith; trustees, W. B. Parrott, George Severns, J. J. Breeding and John Edlen; police magistrate, W. D. Lucas.

Dober Admits Bird Law Violation.—Frank Dober of Arenzville, charged with violation of the federal migratory bird law, admitted his guilt when he was arraigned before U. S. Commissioner Culp at Springfield, and was held for grand jury investigation under \$200 bond which he gave and was released. Harry Schaffer, another Arenzville man, charged with having violated the same law, has been arrested on a commissioner's warrant issued by Commissioner Culp.

A Brutal Attack.—Shielding his mother from the brutal attack of a burly boarder, Johnnie Fagan, 15-year old son of Mrs. Thomas Fagan of Springfield, nearly lost his life Wednesday night. The lad received a terrible stab in the back of the neck penetrating to the spine and his condition is very serious. The man who did the stabbing is Fred Bean, alias Motts, who fled when the boy sank to the floor with the blood spurting from the wound and succeeded in evading the police.

Curative Surgery.—An antitoxin has just been discovered by French bacteriologists that is heralded as "the most precious discovery of curative surgery." It is called polyvalent, and it is claimed not only prevents infection of wounds, but stimulates the tissues and promotes healing incredibly. It has already been placed at the service of the French army and is being used for the wounded. Within a few hours after injection of this serum, pain ceases, fever goes down and the wound heals with no complications.

A Prophetess.—Mme. De Thebes, the most renowned "prophetess" of today, has issued her predictions for 1915, the year beginning March 21, instead of with January. Her remarkable predictions of European conditions for the preceding year, give her present statements added interest. She predicts an early end of the war with the death or disappearance of the Kaiser; Germany torn by revolts against militarism and Austro-Hungary no longer a nation. Russia will emerge "morally superior" but will pay dearly for victory. France (Mme. Thebes being French) will come into a glorious future, as will Belgium. And there you are.

Married Sixty-Four Years.—Mr. and Mrs. Ira Bankson of Bethany, northeast of Pana celebrated their sixty-fourth marriage anniversary with a family reunion at the home of their daughter, Mrs. James Haley. All of their seven children, grandchildren and great-grandchildren attended. Hanson and his wife are 85 years old and in good health. They have resided in Bethany more than half a century.

Celebrate Wedding Anniversary.—Mr. and Mrs. Thomas Siffer, both 98 years old, celebrated their seventy-sixth wedding anniversary at Freeport. They are believed to hold the American record for length of wedded life. They have three children, the eldest being 75.

Repetitive Granted Reprieve.—Gov. Dunne has granted a reprieve to June 15, 1915, to Frank Repetto, convicted of the murder of a fellow convict at Joliet Penitentiary, and under sentence to hang April 9.

Wealthy Woman Suicides.—Mrs. Mary Schlueter, wife of George Schlueter, a wealthy realty owner of O'Fallon, committed suicide by severing an artery in her arm. She had been in ill health for several years and had become despondent.

Woman Choked to Death.—Mrs. Anna Kovich was found choked to death in her home in Chicago. Eight lodgers in the house were taken into custody, as well as her husband, Samuel Kovich. Finger prints on

her neck seemed to indicate the manner of her death.

Pioneer Merchant Dies.—Nicholas D. Sanders, wealthy pioneer merchant, retired farmer and for twenty years supervisor of May Township, is dead at his home in Old Stonington, north of Pana. He was born in Voluntown, Conn., June 8, 1828.

Has High Average.—Paul A. Raiborn, 18 years old, son of Supt. and Mrs. J. E. Raiborn of Waterloo, Ill., was found to have the highest average at the University of Illinois following averages of students compiled by Registrar C. C. McConn for the semester ending in January. His average is 97.

Raiborn's father is superintendent of schools in Waterloo. The student nearest to Raiborn in average is C. P. Dowell, also in the engineering department, whose average is 96.86 per cent.

A Good Selection.—It is understood that Carroll Bush, son of W. C. Bush of the Pike County Democrat, will be Pittsfield's new postmaster.

City Improvement.—Havana is to put in thirty-two blocks of paved streets during the present year.

Municipal Light.—White Hall is to vote on the question of establishing a municipal light plant at the city election to be held on April 20.

Wise Women.—There was not a single defective ballot among the 288 cast by the women in the democratic primary at Pittsfield. Merce man had several defectives to his credit or discredit.

Thrifty City.—The school census of the city of Beardstown shows: There are 1,512 dwellings, 1,585 families of which 770 are American, 697 German and 161 Irish; 70 per cent of the families own their own homes.

Kill the Dogs.—The city council of Petersburg has passed a rigid ordinance which provides that all dogs running loose will be killed. It is thought they have carried foot and mouth disease to the city where several cows have been found to be suffering with the disease.

Reject State Aid.—McDonough county supervisors definitely decided not to accept state aid in road construction and the \$8,000 due that county will go into the general state fund and be apportioned to other counties.

Modern Apparatus.—The Springfield Fire Chief's report for the year ending with the first of this month shows that there have been less than one-third as many fire losses as in the preceding year, on account of the addition to the city's fire apparatus of its modern automobile apparatus.

Quit Morphine.—Died From Shock—Mrs. Amanda Hammeier, aged 57 died at Seehorn. At an inquest it developed that when Mrs. Hammeier attempted to quit the use of morphine, the shock to her nerves was so great as to cause intense suffering, and an eventual death.

New Berlin Has Measles Epidemic.—Nine cases of measles have broken out in New Berlin within the past few days and, as new cases are appearing each day, it is feared that the situation will develop into an epidemic.

PINCHOT IS MADE SPECIAL AGENT

Washington, March 25.—Gifford Pinchot, former chief forester of the United States has become a special agent for the state department in the European war zone.

Dispatches from The Hague announcing that Mr. Pinchot was attached to the American legation there brought announcement from the state department today that he had been made special agent for the distribution of food to indigent French within German lines.

William Rhea of Beardstown has ended a visit with his daughter, Mrs. William Holscher and family of this city, and has gone to Arenzville to enjoy a visit with his sister, Mrs. Burrus and family.

HOW TO BE HEALTHY, WEALTHY AND WISE.

Don't fail to think out your expenditures and to keep inside the limit you fix.

Don't be ashamed to save pennies; otherwise you are "easy prey."

Don't add to delivery expenses by ordering at the last moment. Keep ahead of actual needs.

Don't buy vegetables out of season and expect low prices.

Don't think thrifts need to be capitalists. One can be a spendthrift with a dollar as well as with large sums.

Don't let false pride cost you money. There is no happiness in it.

Don't feel too sure you are getting the most possible out of your expenditures. Learn what "hard pan" really is.

Don't forget that peace of mind is better than things you can't afford.

Don't forget, either, that you always can afford courtesy, kindness and a smile.

SPLENDID TOILET HINT.

How to Preserve the Teeth by Fastidious Care.

Bad teeth are a very severe handicap to a pretty face—or to a plain one, for that matter—and a handicap also to one's health. Unbounded mischief is caused through neglected teeth; neuralgia, indigestion—often leading to serious internal trouble—defective eyesight, and so on.

It is a significant fact that British authorities have declined, on the score of defective teeth, to accept the services of many young men wishing to enlist for the war.

In our grandmothers' days dentistry was practically unknown and the toothbrush a new item among one's toilet articles. A dose of medicine was supposed to cure the face ache. But to day, amid all our modern improvements, a visit to the dentist is neither an expensive nor a very terrible affair, and there is really no excuse for neglected teeth.

Decay is, of course, the most dreaded factor in connection with teeth, but prevention is better than cure, and we can ourselves keep decay at bay by proper precautions are used.

Teeth should be cleaned at least twice a day, and a mouth wash used after meals to remove food secretions will also prove beneficial. An excellent recipe may be prepared as follows:

Oil of peppermint..... 1 part
Thymol..... 41 parts
Tincture of myrrh..... 8 parts
Water..... 100 parts
Alcohol (90 per cent)..... 50 parts

Shake well and add a few drops to a glass of warm water. Any chemist will make it up cheaply.

One of the most cleansing properties is precipitated chalk mixed with a little cold water. It not only prevents decay, but preserves the enamel and helps to keep the whole mouth in a healthy condition. This preparation should be applied to the teeth and gums night and morning and the toothbrush rubbed up and down into every crevice.

After cleaning the teeth it is a good plan to drop the brush into a half tumbler of soda water. The toothbrush needs its daily wash just as much as anything else, and the soda will cleanse it from any impurities which may lurk between its bristles.

Sweets and acid properties attack the enamel of the teeth. If the mouth is rinsed out with lime-water this will preserve the whiteness.

Don't ever put pins or needles in your mouth. It is one of the easiest means of promoting decay. If necessary fine silk thread or dental floss may be drawn through the crevices.

Dark stains are often due to a deposit of tartar, which is apt to form along the bottom row of teeth. Scaling by a reliable dentist should take place at regular intervals, and the trouble will thus be removed.

A sound set of teeth is a great blessing to its owner, but on the slightest signs of decay it is always best to consult a dentist. One decayed tooth may ruin three or four others, however sound they may appear, and, though we may in later years have substitutes, no teeth are ever quite the same as those nature provided us with originally.

How the Needlewoman Can Set Colors in Wool.

A needlewoman who does a great deal of embroidery in colored wools always takes the precaution of setting the colors before using them.

She soaks the wools for at least an hour in boiling water to which a teaspoonful of vinegar has been added. At the end of an hour she hangs them up to dry, patting but not wringing out the moisture.

The first finger of the left hand of the woman who does much sewing, embroidery or crocheting becomes much disfigured because of pricking of the needle. In some instances the finger becomes very sore.

To prevent disfigurement and soreness put a strip of court plaster on the fingers. Such precaution is especially worth while when working on delicate fabrics.

The bath bag made of cheesecloth is filled with shaved white soap, each being best, crushed oats and powdered orris root. For the bag like a washcloth, and it will be found most refreshing to the skin.

FATE OF BECKER NOW RESTS WITH COURT OF APPEALS

Arguments on Appeal from Second Judgment of Conviction are Completed.

Albany, N. Y., March 25.—The fate of Former Police Lieut. Chas. Becker, who twice has been sentenced to be electrocuted for instigating the murder of Herman Rosenthal, now rests with the court of appeals. Arguments on appeal from the second judgment of conviction were completed before that body today.

Martin T. Lanton, Becker's attorney, concluded his argument in Becker's behalf begun yesterday and Robert C. Taylor, an assistant district attorney of New York, argued against a reversal of the judgment and the granting of a new trial.

Should the court of appeals decide adversely to Becker, his next recourse would be request for executive clemency to Governor Whitman, who, as district attorney of New York county, prosecuted him, or an appeal to the United States supreme court on the ground that his constitutional rights had been violated.

"Quick, Mother! Dr. Knott's Croupine!"

The New, Safe, Quick-Result Way to Treat Croup.

You have a right to know, mother, that what you give your child, afflicted with croup, is not only free from opiates and other dangerous habit-forming drugs, but that it is a remedy that will be surely and instantly effective.

"Worry No Longer, Mother, Dr. Knott's Croupine, Stops Croup, Instantly, Safely."

When baby suddenly chokes, when he writhes on his little bed, with a death pallor on his face, gasping and reaching for breath, and every moment would seem to be his last, a little of Dr. Knott's Croupine will release him instantly from this terrible, heart-rending strangle-hold. Dr. Knott's Croupine is now famous, for the fact that it absolutely does not contain any morphine, chloral, cocaine, chloroform, cannabis, or other poisonous or habit-forming drugs. It is famous for its quick, safe results. There is no vomiting or bad after-effects. It was originated by Dr. J. D. Knott, a practicing family physician of Monticello, for 21 years.

Mrs. Q. L. Cline, wife of the treasurer of Platt County, at Monticello, Ill., says: "Dr. Knott's Croupine has never failed and we are never without it." It also relieves at once coughs, colds, croup and bronchitis. Sold by all druggists at 25c and 50c a bottle, or sent direct by J. D. Knott & Co., Monticello, Ill. The 50c bottle contains 2 1/2 times as much as the 25c size. Money back in every case if not satisfied. "Croupine is sold and recommended in Jacksonville by Lee P. Allcott."

"Hung Up!"

WERE you ever fourteen miles in the country—rain coming up—blowout—two miles to a telephone—and no spare tire or tire sleeve?

Nice feeling! But don't let it happen again!

Prepare yourself for emergencies by stocking your tool box with a good supply of our repair materials.

And if you want a "spare" let us fit you out with a tire of quality at the right prices.

COLORED METHODIST CONFERENCE MEETS.

The fourteenth annual session of the Quincy district of the Illinois annual conference of the A. M. E. church met at Springfield, Bishop B. F. Lee of Wilberforce, Ohio, presided. Reports of the various committees were heard at the morning session Wednesday. At the afternoon session devotional exercises were led by C. A. Jackson, G. A. Brown gave a talk on "What Are the People Doing for Missions?" I. S. Stone addressed the gathering on "The Condition of the Public Schools;" James H. Higgins talked on "The Philosophy of Christianity."

The program carried out Thursday was as follows:

Thursday morning—Devotional exercises led by George Harvey, D. E. Nailing; "The Spiritual Condition of the Churches," D. A. Bassfield; "Christ and Higher Criticism," J. W. Tiff; "The Moral Condition of the People," W. T. B. Harewood; adjournment.

Thursday Afternoon—Devotional exercises led by John Higgins, Andrew Smith; "Financial Ability of the People," Andrew Webb; "Loyalty to Your Own Church," Eugene Thompson; "Requirements of the Sunday School," George T. Shaw.

Thursday Evening—Devotional exercises led by J. W. Tiff and F. Grey; sermon, I. S. Stone; offertory; miscellaneous; adjournment.

FIRST BAPTIST CHURCH SERVICES NEXT SUNDAY

On Sunday evening next at the First Baptist church Miss Hazel Bell Long will sing the obligato of the new setting of "From Every Stormy Wind," and will be assisted by the chorus choir. The pastor will preach on "Up a Tree."

At the morning service the pastor will confine the "Through the Bible" series of lecture-sermons with the big colored diagram, "Creation, Mysteries and Messages," dealing not only with the early condition of the earth before the creation of man, but also with the career of Satan before he became Satan.

The banquet of the Jacksonville Men's Bible class announced to be held at the First Baptist church this evening has been postponed until further notice.

The class will meet on Sunday morning next in the auditorium of the First Baptist church at 9:30 o'clock, and invites all men not attending elsewhere to join its membership. The lesson is taught by the pastor.

10 CENT "CASCARETS" IS YOUR LAXATIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels.

Get a 10-cent box.

Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passage-way through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, Severe Colds, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

HOW TO PRESERVE POISE AND BEAUTY.

When the eyes are tired and dulled, as after motoring, use either an eye lotion bath or one made of water to which a little boracic powder or witch hazel has been added. Keep the eyes open in the water. This both strengthens and brightens them.

Knitting the brows when reading or working is a habit certain to produce disfiguring lines on the face.

A good authority says that boxing and fencing are not good exercises for brain workers. They should select long walks, swimming or something of a similar nature where, after the movements are once learned, the direction is governed by the spinal nervous system.

The following astringent lotion is one of the best that can be had: One and one-half ounces of witch hazel, one-half ounce of tincture of benzoin, one ounce spirits of wine and five ounces of orange flower water.

Many women allow their faces to become tense and set and then wonder why lines develop. Relax the muscles, cultivate a pleasant expression and remember that lips which curve upward and smile are much more attractive than the drooping sort.

Only hands may be made comfortable and touchable by wetting them once or twice a day while clean with cologne alcohol or toilet vinegar.

FOOD VALUES.

How to Get the Best Results by Balancing One's Diet.

"Ham and eggs, a glass of milk, a piece of custard pie with cheese." This order goes forth not only once, but hundreds of times daily in our restaurants from business men.

In the tea rooms another order goes forth frequently. "I'll have some waffles and honey, a cup of chocolate and a French pastry."

These meals are all wrong, and a further glance at them will show why. Here we have the business man ordering eggs, meat, milk, custard and cheese—the five most important foods of the same class—protein. In other words, he is taking the same kind of food in five different forms, and his meal therefore is really only one kind of food taken ad libitum. His wife in the tea room eats waffles, sirup, chocolate and pastry. Again four different forms of the same kind of food, so that her meal is all starch, sugar and fat.

Now, no meals so one sided can be healthful. A hasty glance would perhaps lead us to believe that the man's lunch was more wholesome than the woman's, but both are dietetically bad.

The ideal meal is composed of four different elements—the proteid or muscle forming, the sugar, starch or fat forming, the fat or heat forming and the mineral elements which add flavor, refreshment and tonic qualities. The "balanced" meal must have some of each of the four qualities represented in the foods which compose it. In this way all the needs of the body are supplied by every meal, and no one need be oversupplied.

If we had taken the eggs from the first lunch and added them to the waffles of the second, and put in a vegetable or fruit salad we would have had a nearly perfect meal. From the eggs there are protein, the waffles give starch and fat, and the vegetable or fruit would give the necessary watery and flavorful qualities to make the meal satisfying, energy producing and refreshing.

It is exceedingly simple to plan home meals or to choose meals from a bill of fare after the balanced plan. Select one food from each of the four groups or such combinations that will give the four different food qualities. Here are some wrong combinations:

Eggs, meat, cheese, milk (too much protein), rice, spaghetti, bread (too much starch), fried potatoes, doughnuts, croquettes (too much starch and fat), waffles, chocolate, cake, pastry (too much sugar and fat), vegetable salad, baked apple, vegetable soup (too much water and mineral).

Here are the same foods in correct combination: Vegetable soup, eggs, pastry; meat, vegetable salad, doughnuts; cheese, rice, cake; milk, spaghetti, baked apple.

How to Make the Marble Table Top Useful.

Lucky is the housewife who has sent her marble top table to the attic in place of the secondhand store, for she can find good use for it. No better molding boarding was ever invented than this marble slab. Place it near the baking materials, where no needless steps may be taken, and the baking will be a source of comfort. It will also be a saving and a convenience for setting hot things when taken from the stove. In keeping the marble clean there is no scrubbing with a brush, for a washing of hot water and soap will thoroughly cleanse it.

How to Make a Useful Knife and Scissors Sharpener.

There is nothing more useful in the kitchen than a board covered with emery paper. It is splendid for sharpening knives and scissors and useful in removing rust from steel knives and forks. Get a board six inches long, two inches wide and one thick. Cover with emery cloth. This puts a smooth edge on carving knives the same as a stone.

The Scrap Book

A Gladstone Chip.

Once Mr. Gladstone had been cutting down a tree in the presence of a large concourse of people, including a number of "cheap trippers." When the tree had fallen and the prime minister and some of his family who were with him were moving away, there was a rush for the chips. One of the trippers secured a big piece and exclaimed:

"Hey, lads, when I see this shall go in my coffin."

Then cried his wife, a shrewd, motherly old woman, with a merry twinkle in her eye:

"Sam, my lad, if thou'd worship God as thou worships Gladstone thou'd stand a better chance of going where thy chip wouldna burn!"

Uphill.

Does the road wind uphill all the way? Yes, to the very end.

Will the day's journey take the whole long day?

From morn to night, my friend.

But is there for the night a resting place? A roof for when the slow, dark hours begin.

May not the darkness hide it from my face?

You cannot miss that inn.

Shall I meet other wayfarers at night? Those who have gone before.

Then must I knock or call when just in sight?

They will not keep you standing at that door.

Shall I find comfort, travel sore and weak? Or labor you shall find the sum.

Will there be beds for me and all who seek?

Yes; beds for all who come.

—Christina Georgina Rossetti.

Her Memory All Right.

Mrs. Geddes had a new maid, and she found it necessary to repeat her instructions several times before Nora obeyed them. The mistress had told her repeatedly about the finger bowls, and one day when there were guests they were again forgotten.

"Now, Nora," said Mrs. Geddes, extremely exercised over the omission, "this is the sixth time I've had to tell you about the finger bowls. Didn't the woman you last worked for have them on the table?"

"No, mum," replied Nora; "her friends always washed their hands before they cum."—Boston Herald.

The First Laugh Was the Last.

A personable young man with little baggage but a winning smile engaged two rooms and bath at one of the finest hotels in a western city. He spun a twenty dollar gold piece across the desk and said, "I'll stay that much anyhow, and when that's used up let me know." The room clerk smiled and turned the gold over to the cashier to be credited to the man's account. He faded sumptuously every day.

A bill for \$98 was presented to the young man a week later. He frowned and handed it to the room clerk. "This is all wrong," he said. "You remember I paid you \$20 in advance and said I'd take that much of your hospitality?"

"Yes, but that was only a joke," the clerk protested.

"I wasn't joking, and you can't get another cent out of me," said the personable young man. They sent for the proprietor, Colonel Sackett. He listened to the facts, glowered awhile, then broke into a genial grin and exclaimed, "I'll give you your money back and a receipt in full if you'll go over and play this trick on the 'House'."

"Sorry, colonel," answered the young man, "but Mr. Blank of the 'House' gave me a week's board to come over and play it here."—Harper's Monthly.

Thought He Recognized Them.

A lunatic was being escorted to an asylum some distance away and consequently journeyed to it by train. It was raining hard, and as they passed a large field the lunatic noticed several men grouped together. Some of them had umbrellas raised over their heads, and these were looking at two men "putting." Turning to the attendant by his side, the "soft" one remarked, "What are the people doing?"

"Playing golf," answered his burly guardian.

"Then," said the other, after a pause, "hadn't we better stop for them?"

Hicks' Story.

It was in 1847 that Hicks first made a county name as a witty raconteur. In that year Sir Samuel Spry, who had been member for Bodmin since the great reform bill, lost his seat and in a petulant mood took legal proceedings against Hicks on the ground that he had abused his official position to influence voters at the poll. In the course of the trial Hicks was called upon to state what he had to say in his defense. In the course of his statement he asked leave of the court to illustrate his position by a story. His request being assented to, he related how a few days previously he had been to see a lad whom he knew well who was laid up from a fall from a vicious donkey, which had kicked out all his front teeth. The lad, said Hicks, had taken the matter in the most kindly way and had said to him, "Tisn't the fall, Mr. Hicks, and 'tisn't the valley of the teeth what annoys me, but 'tis the nasty, ghastly, wishous disposition of the jackass."

Sir Samuel Spry sprang up in the well of the court in a fury and exclaimed, "He has called me a jackass!" The court was convulsed with laughter, and Hicks was promptly and fully acquitted of the trumpety charge brought against him.—Cornhill Magazine.

MAJOR LANGHORNE DENIES AUTHORSHIP OF DISPATCHES

Asserts All of His Messages to State Department Had Been Filed in Cipher.

Washington, Mar. 25—Major George T. Langhorne, the army officer recently withdrawn from his post as military attache of the American embassy at Berlin, has denied authorship of certain dispatches sent from Berlin to the war department signed with his name.

It was said at the department today that the major when he reached Washington a few days ago found in the department's file of his reports some message in plain English which he had not sent. All of his dispatches, the officer asserted, had been filed in cipher.

No official information was to be had of the messages filed by the major, but it is understood they related to the military situation in Germany and were designed to convey misinformation to Germany's enemies. When transmitted by wire, less they were picked up by the Eiffel Tower and by some British stations.

Major Langhorne has been assigned to general staff duty at the war college.

DUNNE ISSUES CLOSE

QUARANTINE ORDER.

Springfield, Ill., Mar. 25—Governor Dunne this afternoon issued a proclamation subjecting Winnebago county to close quarantine of all livestock owing to the fresh break, ing out of the foot and mouth disease in four herds of cattle. The action which is precautionary, was taken at the suggestion of federal authorities.

AMOLOX THE NEW DISCOVERY

Many Cures Reported Daily In Towns Where It Is Known.

The wonderful cures that are being made by this remarkable new remedy are almost beyond belief. A young lady from Ottumwa, Ia., for many years suffered from a bad case of eczema. Her face was a sight to behold; all covered with red blotches, pustules and pimples. So unsightly was her appearance she gave up all social life. Failing to find relief with doctors and remedies, she became despondent and discouraged. After a few weeks' treatment with liquid Amolox the sealy redness disappeared, pustules healed and she was entirely cured. A few months following her mother wrote that Amolox had done wonders for her daughter, and she was married last week. Seems like a fairy tale, doesn't it? Yet this is the truth. This is only one of the many cases that are being reported in towns where Amolox has been introduced and its merits have become known. Amolox is invaluable for eczema, psoriasis, acne, tetter, barber's itch, red nose or any skin affliction. Recommended and guaranteed by Coover & Shrove. Your money back if it fails to do what we claim for it. Trial size 50c.—Advertisement.

Swish! Corns Gone! We Use "GETS-IT!"

2 Seconds, 2 Drops — Corns Vanish!
For everybody with corns, there is in every drug store in the land one of the real wonders of the world, and that's "GETS-IT!" for corns! It's the first and only corn-cure ever known that removes

"Some Foxy Trot, Mame! He, What? Gone? Yes, I Used 'GETS-IT!'"
any and every corn or callus without fail, without fussing with thick bandages, too harshes, corn-sucking salves, irritating ointments. It's applied in 2 seconds—bing, bang—2 drops, the work is done, the corn shrivels up, your corn agony ends and the corn leaves forever! All the limping, the pains that hurt to your heart's core, the excruciating of having to wear shoes over greasy corns, the danger of blood poison from making them bleed by using knives, razors and scissors—are gone at last! "GETS-IT!" is the new way, the sure, simple, painless way. Try it for corns, calluses, warts and bunions. "GETS-IT!" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Jacksonville and recommended as the world's best corn cure—by Armstrong's Drug Store—J. A. Obermeyer.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

The expectant mother if she has heard of this splendid embrocation probably not reading the papers to much extent. And if she does it is a happy thought to send hubby to the drug store for "Mother's Friend" to be applied externally over the abdominal muscles.

It is a gentle, soothing lubricant, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses. And particularly to young mothers is this remedial application of inestimable value since in thus keeping the muscles firm but pliant it enables them to go through the ordeal without laceration of the epidermis so often the case when this gentle form of lubrication is neglected.

"Mother's Friend" is highly recommended by a host of women. Write Bradford Regulator Co., 508 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little booklet expecting mothers. The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

NO INSPECTION OF WABASH RAILROAD THIS SPRING

Management Orders Economical Measure—Other Notes of the Railway World.

Owing to some rotten ties a switch engine ran off a siding at Decatur and sank up to the hubs in mud and had to be pulled out by the wrecker.

One economical measure of the Wabash management is the omitting of the inspection as is usually in the spring.

An old time station at Slater was recently destroyed by fire and the people of the city were much delighted as the affair was old and had served its time. A new structure will soon be erected.

A controversy between the management of the Alton and the men running into Kansas City was settled recently. A tedious and exhaustive examination had been demanded of them and it would have been burdensome but the order was modified.

The northbound Hummer on the Alton had a bad mishap recently at Booth when a green switchman set a string of cars in such a way that they extended out on the main line. The Hummer was pounding along and the veteran engineer, Jack Pruitt, had barely time to apply the emergency brake, yell to the fireman and jump. The engine was badly demolished and the freight cars also. The engineer and fireman were cut and bruised but probably not seriously injured. The sleeping passengers hardly knew anything had happened.

According to announcements just made at the Wabash locomotive shops, it has been decided to put superheaters on 18 of the company's largest freight and passenger locomotives. One of the first to receive this improvement, by which the steam from the locomotive boiler is heated to a much higher than ordinary degree, and its efficiency raised by taking away a great deal of the saturation, is the 669, now on crack passenger service on the Chicago district.

Wabash engineers welcome the improvement, as they state that all engines equipped with superheaters use only about two-thirds the coal that engines without them do. The superheater, during the last few years, has come into general use throughout the country, practically all the new type engines being equipped with them.

PRACTICALLY FINISH NOTE TO BE SENT TO ENGLAND AND FRANCE

Document is Not of a Lengthy Character, Although it has Been in the Course of Preparation for Several Days.

Washington, March 25.—President Wilson and Secretary Bryan practically completed consideration today of the note to be transmitted to Great Britain and France giving the view of the United States government on the recently proclaimed blockade of commerce between Germany and neutral countries. Although the document has been in course of preparation for several days it is not of a lengthy character. Those familiar with its contents do not refer to it as a "protest" in a technical sense, but characterized it as emphatic representations against the unprecedented action of the allies in disregarding previously accepted principles of international law. Legal phases of the virtual blockade are understood to be dealt with chiefly in the American communication, arrangements for the publication of which are expected to be made by mutual agreement with the British foreign office as soon as the note is presented, which probably will be before the end of the present week.

ENGLISH WOMEN AND CHILDREN LEAVE BRUSSELS FOR HOLLAND

Germans Give as Parting Salute, "Will See You Again in London When We March In."

The Hague, via London, Mar. 25.—(11:33 p. m.)—With the parting salute "Will see you again at London when we march in," the Germans today permitted a party of 41 English women and six children to leave Brussels for Holland under the auspices of the American minister to Belgium, Brand Whitlock. The refugees were conducted to Eschen by the American vice-consul, C. R. Nasmyth and were received and escorted over the frontier by Captain Archibald H. Sunderland, the American military attaché at The Hague, and handed over to the care of a representative of the British legation. The women and children will leave for London Saturday or Sunday. All classes are represented: nuns, governesses, domestic and commercial employees. They declared they had been well treated by the Germans and never were molested. Many British women remain at Brussels, fearing to risk the miles on the sea voyage.

FOREIGN CORRESPONDENCE.

(By Associated Press).

Wilhelmshaven.—One of the most notable theaters in all Germany, still less than six months old, is the "War Theater" that has been established here, with artists from all over the empire, some of them its singers and musicians.

The theater was established under the patronage of the Princess Adalbert. Its earnings go toward relief work. Its patrons are largely soldiers and sailors, many of them wounded and recuperating for further service. Its artists almost without exception are musicians of note who have left prominent positions for far more humble stations in the navy.

The director of the operas and operettas produced is Dr. Maurer, conductor of the orchestra of the court theatre in Stuttgart, who has in a musical corps of a naval division called into the service as bandman in a musical corps of a naval division.

The acting is under the direction of L. Treptow, member of the staff of the Little Theatre in Berlin, who at the beginning of the war joined a naval aerial corps as a volunteer and now is the operator of a hydro-aeroplane.

The cast includes Boatswains Mate Peters, the tenor, of the state theatre in Halle; Nitschke, harp virtuoso at the state theatre in Hamburg, now a bandman; Otto, the conductor and Schikorg, a violinist of note.

A former member of the War Theatre's forces was Windgassen, the tenor court opera singer at Cassel, who at the outbreak of the war was a machinist's mate. He was wounded, however, and after recovering and completing his term of service went back to Cassel.

London.—War is making the British public sociable. Travelers, who in times of peace would occupy the same compartments for hours at a time without exchanging a word, now start conversations without an introduction. This sudden breaking loose from the Victorian spirit of reserve and aloofness has caused the Times to comment editorially on the change, which it calls one of the minor results of the war. He first confesses:

"Most of us in normal circumstances go on a railway journey to a harbor, with a prayer for silence in our hearts, and at the first sign of loquacity, we take refuge behind a rampart of newspaper."

But now he finds it "indiscreetly solemn" to sit mutely for hours, looking straight through the fellow creature opposite, and concludes in behalf of friendly intercourse between passengers:

"If we only have the honesty to admit it to ourselves, the sense of having done our duty in being friendly and pleasant gives a comfortable little glow at the heart which more than compensates for an occasional bad half hour."

Leipzig.—Dickens is the German soldier's favorite novelist. He stands first in a list of fifty authors, prepared by the great publishing house of Reclam, famous for its cheap reprints.

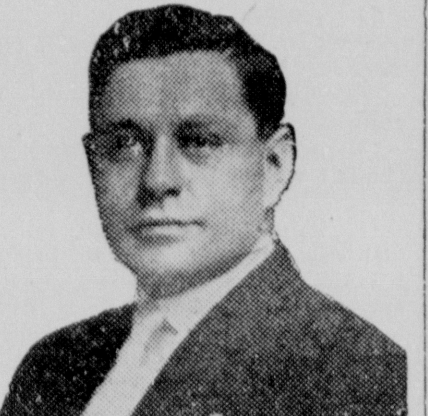

Of the total number of orders from the German troops at the front, 48 per cent calls for fiction, 19 per cent for serious reading, comprising philosophy, religion and the arts, 17 per cent for poetry and drama and 16 per cent for light miscellaneous stuff, including humorous works.

The German soldier is catholic in his tastes when it comes to fiction, for not only does he top his list with Dickens, but includes 21 other foreign novelists, among whom appear Bulwer, Defoe, Scott, Dumas, Daudet, Hugo, Merimee, Marguerite and Prevost.

VENERABLE JAMES WOOD ANSWERS FINAL SUMMONS

Aged Citizen Passed Away Thursday Morning at His Home on South Main Street—Funeral Saturday.

At 6:30 a. m. Thursday, James Wood passed away at his home, 807 South Main street. March 9th, he received an injury from a passing street car several days ago when he seemingly unconsciously stepped on the track right in front of a moving car which struck him before it could possibly be stopped. He had been in delicate health for some time and as a result of the injury complications of pneumonia set in and he was unable to withstand the attack.

Mr. Wood was the oldest child of the late Judge Samuel and Martha Wood and was born near the present site of Pisgah, March 16th, 1853 and with the exception of two years in Macoupin county his whole life has practically been spent in this county.

He followed farming with great success and was a large property owner. He took an active part in the work until some 26 years ago when he decided to move to Jacksonville to his home on South Main street and has since lived there.

He was one of the directors of the Jacksonville National bank and a man of excellent business ability and lived a quiet life, attending strictly to his own affairs. He was always honorable in his dealings and his word could be taken every time it was given.

He was married in Greene county April 24th, 1869 to Miss Mary Eldred. They were persons of like dispositions and aims and were ever harmonious in all they did.

His brothers and sisters were Elizabeth who died at the age of twelve David, a long time resident of this county and dead some years, Milton, who died not long ago in Sangamon county; Ivan of this county. Mrs. James B. Beekman of Pisgah, George of Franklin precinct and Richard S. residing a short distance southeast of the city.

The funeral will be conducted at the family residence on South Main street at 2 p. m., Saturday by Dr. A. B. Morey and interment will be in Diamond Grove cemetery. The honorary bearers will be T. B. O'Leary, H. H. Knollens, Wm. H. Mosely, of Pisgah, J. P. Lippincott, Judge Edw. P. Kirby, A. R. Gregory, Geo. Wood and James Davenport, southeast city. The active bearers will be James B. Beekman, Richard S. Wood, Ivan Wood, F. M. Morton, R. R. Coultas, C. B. Graff, John R. Lear Henry Oakes, H. J. Rodgers, T. H. Buckthorpe, O. F. Buffe and William Bell.

The flowers will be cared for by Miss Elizabeth Wood, Miss Mary Louise Beekman, Miss Martha Wood, Mrs. Nellie Cox and Mrs. James B. Wood.

Those desiring to view the remains will please call at the house between 8 and 12 a. m., Saturday.

FOR ROAD COMMISSIONER.

I announce myself a candidate for commissioner in road district number ten.

Fred J. Schofield.

WILL RETURN TOMORROW

The Rev. Walter E. Spoons, who for several weeks has been engaged in evangelistic work in Gothenberg and Loop City, Neb., will return to Jacksonville Saturday morning, according to a telegram received by E. M. Vasconcellos, and will fill his pulpit at Northminster church Sunday. The people at Loop City desired that Mr. Spoons remain for another week, but not finding that expedient, he decided to bring the series to a close.

Think of these points when you want a Gang or Sulky Plow and you will sure buy an Emerson or Grand DeLous.

Land wheel axle extends across the frame making it a rigid construction. Locks down over the points of the plow. Wide bearing prevents the bottom from getting out of line. Lower end of the bales close to bottom of the frame. A heavy steel thick frog. The front furrow wheel, the most important wheel, has a 12 inch bearing. Extra high wheels making a light draft. 15 inch coulter with chilled cone bearings. Levers all on the right hand side. Compare these points with many others we can show you, and we are sure you will take home an Emerson or a Grand DeLous.

LOVE'S PHILOSOPHY.

The fountain mingle with the
river.
And the rivers with the ocean.
The winds of heaven mix for-
ever
With a sweet emotion;
Nothing in the world is single;
All things by a law divine
In one another's being mingle—
Why not I with thine?

See the mountains kiss high
heaven,
And the waves clasp one an-
other;
No sister flower would be for-
given
If it disdain'd its brother;
And the sunlight clasps the
earth,
And the moonbeams kiss the
sea;
What are all these kisses worth
If thou kiss not me?

WORLD'S MARKET NEWS

"PEACE FEELING" HAS MUCH EFFECT
IN LOWERING VALUE OF WHEAT
Market is Weak at the Close—Corn
Suffers From the Depression of
Wheat.

DEALINGS CONTRACT. Considerably but
Prices Continue to Forge Ahead—
Union Pacific Retains Leader-
ship.

Chicago, March 25.—What was
termed "peace feeling" had much
effect today in lowering the value
of wheat. The market, which
throughout the session leaned heav-
ily to the bear side, was weak at
the close and 1/4c to 1/2c under
last night. Corn finished 3/4c off
and oats varying from 3/4c to 1/2c
advance. In provisions the
range was from 2 1/2c decline to
a rise of 5/8c to 7/8c.

Most of the traders in wheat ap-
peared to be governed by inde-
nite rumors that an early end of
the war might now be assumed as
a fact. Although no more precise
basis for the reports could be found
than the prospect of additional
European countries becoming in-
volved and the outlook for an im-
portant fresh advance by the Rus-
sian army, selling here began with
a rush and at no time had to en-
counter any determined buying
opposition. Sharp watch was kept of
the developments in regard to the
possession of Constantinople, but
the bulls failed to get any decided
encouragement from that quarter
despite word that the Turkish fleet
had sailed to meet the Russian
warships in the Black Sea.

Slackness of export demand was
an element which received due no-
tice from the wheat bears. Besides
domestic crop conditions seemed to
take on a more favorable aspect.
Little being heard today of damage
by the Hessian fly.

Corn suffered from the depres-
sion of wheat. The big stocks on
hand acted as a weight on the mar-
ket and so too did the slowness of
cash inquiry.

PATIENT AT STATE HOSPITAL WAS FOUND DEAD IN BED

Samuel Young of the Infirmary Ward Passed Away—Coroner Wright Holds Inquest.

Samuel Young a patient at Jacksonville State Hospital was discovered dead in his bed in the infirmary ward at a few minutes after 6 o'clock Thursday morning. Mr. Young had attained to the age of 85 years and was quite infirm though in his usual health. He was brought to the hospital Sept. 23, 1912. He is survived by his son, Joseph Young of Virginia and his daughter, Mrs. Howard Brazel, who resides in the Union Chapel vicinity in Cass county.

The funeral services will be held at the home of the son, Joseph Young in Virginia this afternoon. The remains were cared for by J. E. King, an undertaker of Virginia who came here for that purpose. Interment will be made in Walnut Ridge cemetery in the suburb of Virginia.

Inquest Held.
Coroner G. W. Wright was notified of the death and at 9:30 Thursday morning empaneled a jury of inquest at the hospital. The jury was comprised of M. H. Carrall, foreman, Leonard Panning, G. C. Ratcliff, Jerry Ryan, William Young and J. W. Priest, clerk.

Frank Boswell, an attendant stated that he saw the deceased at 5 o'clock in the morning and so far as he could see he was all right, that he had assisted Mr. Young to undress, and that he had rested through the night as he usually did.

L. W. Miles stated that he was an attendant in the infirmary ward and his duties began at 6 o'clock in the morning. A few minutes after he went on duty Thursday morning, he found on one of the beds Samuel Young dead, that he had apparently just passed away as the body was still warm. He said the deceased had been restless for several days of late.

Dr. Thomas G. McInnis said that he was a physician and the infirmary ward was in his charge. At about 6:15 Thursday morning he had been informed of the death of Mr. Young, that the deceased had been under his care, but that he had not noticed any special sickness. The doctor stated that it was his opinion the death was caused by valvular disease of the heart, complicated with arterio sclerosis. The verdict was in accordance with the opinion as expressed by the doctor.

TRAVELS 33,740 MILES FOR \$15

New York, Mar. 26.—After making two round trips to South America, in which he covered 28,000 miles in addition to his original trip to this country, and after being refused admittance at all ports from Pernambuco to Buenos Aires, Nathan Cohen, a real man without a country, expects to be again deported tomorrow. Unless the immigration officials relent, he must once more set out on his travels in search of a haven of residence.

Cohen first arrived in this country in May, 1912, and was admitted, as he was then physically and mentally sound. He came third class from Rio Janeiro, which cost him \$45, but he had several thousand dollars with him. After failing in business in Virginia, Cohen became deranged and was found wandering in Baltimore. The immigration officials ordered him deported. He left March 6 last year, but came back on the same ship, for they refused to receive him. Last January he was sent again, but with the same hard luck. Cohen has been under medical care, and the steamship line has carried him 33,740 miles and spent \$750 in hospital fees on him, besides boarding him for the past year or so.

HORSES FOR INDIA.

A special train of 23 cars of horses passed through the city on the C. & A. road Wednesday night. The animals were transferred at Bloomington to another road for delivery at an eastern sea port. They are destined for use in the English army and their objective point was India. The horses were loaded on the cars at Kansas City. Thursday, a train load of 25 cars similarly loaded were taken from Kansas City to St. Louis by the same road, supposedly for the same destination.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Your Hair Gets Soft, Fluffy and Lustrous At Once.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its luster, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Adevisement.

WOULD EXCHANGE MANUFACTURED PRODUCT FOR RUSSIAN HIDES

Commercial Attache at Petrograd Makes Suggestion to Overcome Difficulties of Trade Extension in Russia.

Washington, March 25.—A suggestion that difficulties of American trade extension in Russia might be overcome by a co-operative plan for the exchange of American leather manufactures for Russian hides has been made to the New England Shoe and Leather association by Henry D. Baker, commercial attache at Petrograd who will leave the United States to return to his post in a fortnight. Depreciated Russian exchange which has fallen from 10 to 15 per cent, Mr. Baker said, now prevented any great expansion of trade. Pointing out that while exports of boots and shoes to Russia last year from Massachusetts amounted only to \$97,876, Russian hides imported into the state were worth \$5,050,165, he proposed an arrangement for direct exchange of the manufactured for the crude product until conditions are restored to normal, avoiding entirely the exchange market. The same plan, he thought might be applied to other products.

Mr. Baker has discussed with American bankers the possibilities of extending American trade in Russia, and has found many banks to be already taking steps to that end looking toward the establishment of a permanent relationship and a wide trade increase after the war ends.

One New York City bank, it is said, is considering the establishing of a branch in Europe for this purpose.

ASKS MEANING OF ENTRANCE OF JAPANESE TROOPS INTO CHINA

Jap Minister States That Soldiers are for Relief of Present Japanese Garrison in China.

Peking, China, March 25.—At the conference today of Japanese diplomatic representatives with Chinese statesmen concerning Tokio's demands upon the Chinese republic to the meaning of the recent entrance of Japanese troops into China, Minister Hiroki replied that these soldiers were for the relief of the present Japanese garrisons in China but that these garrisons would remain where they are until the conclusion of the present negotiations.

According to reliable information the Japanese at the present time have eight divisions in China and Korea.

The discussion today concerning Tokio's demands was upon the clause granting Japan the right to exploit mines in the specified areas of South Manchuria.

The war strength of a Japanese division is 18,700 officers and men, 4,800 horses and 38 pieces of artillery.

U. OF I. TRACK TEAM LEAVES FOR DUAL MEET AT BERKLEY, CAL.

CHAMPAIGN, Ill., March 25.—The University of Illinois track team, holder of the Western College Conference championship, left tonight for Berkeley, Calif., where a dual meet is to be held with the University of California team, April 3rd, when the new California stadium is to be dedicated.

Coach Gill's squad was weakened considerably by injuries suffered in the last few days by Mason, two miler and Pogue, broad jumper. Both are conference champions in their specialties and it was said that they would hardly be in shape to compete in the meet.

AT HORSESHOERS' CONVENTION

William H. Anderson and G. V. Skinner returned Thursday evening from Springfield where they attended a three-day session of the master horse-shoers of Illinois. Wednesday evening the delegates enjoyed a banquet at the St. Nicholas hotel. Chicago secured the president and secretary, East St. Louis and Moline a vice president each and Freeport, the treasurer.

HOLDS MEETING TONIGHT.

A meeting of the Parent-Teachers' association of the First Ward will be held this evening at 7:30 o'clock at the Jefferson school.

Economy Hints

A penny saved is a penny earned.—Benjamin Franklin.

REMNANTS of steak or roasts may be made into delicious stews, using savory seasonings such as a little sweet marjoram, thyme, parsley, onion salt, etc. Meat may be put through meat chopper and mixed with enough cream sauce to hold it together, well seasoned, molded into croquettes, dipped in egg and crumbs and fried in deep fat. Hash makes a tasty breakfast or luncheon dish, with the chopped meat browned slightly in butter, nicely seasoned with salt and pepper, moistened with milk as a gravy and served with toast fingers.

Remnants of boiled or fried ham may be used in various ways. For ham timbales put ham through meat grinder and mix with one raw egg to hold meat together. Line gem tins with this mixture, pressing it well against sides and bottoms and bake slightly. Take out of oven and drop in egg and crumbs and fried in deep fat. Or with a bit of ham, some cheese, a few slices of stale bread, some hot ham sandwiches can be made. Mince ham, mix with grated cheese, spread on one slice of bread, cover with another, cut in two and brown on each side in hot butter. Serve hot.

Chicken shortcake is a most palatable way to serve remnants of chicken. Free it from skin and bone and cut into small pieces. Put on to heat with enough gravy to make it quite moist. Make a short biscuit dough and roll into a cake an inch thick. Bake in quick oven fifteen or twenty minutes. Then split the cake and spread the hot chicken stew over lower half. Replace upper half and pour over the whole a generous amount of gravy.

Meat loaf or a boiled shoulder of smoked pork is often desirable. There is no waste whatever with the former and practically none with the latter if utilized in the right way, while both are delicious, and when served with a good salad and simple dessert form a very tempting meal. For the meat loaf have the butcher grind one pound of lean beef and one-half pound of pork. Mix together and add salt, pepper, four ground soda crackers, a small onion, one unbeaten egg and a half cupful of milk. Stir the ingredients all together and press into a bread pan. Cover the loaf with two cupfuls of hot water and bake two hours in moderately hot oven, adding a little more water from time to time. When it is cold slice and serve on lettuce leaves with ketchup or chili sauce if desired.

Boil the shoulder of pork twenty minutes to the pound after having inserted about a dozen whole cloves in one side of the meat. When done allow it to remain in the water in which it was boiled until cold. The bone which is left with whatever meat can not be cut from it will give an excellent flavor to string or butter beans if placed in the water with them while they are boiling, and they will then require very little butter if cream dressing is served on them.

LINGERIE KINKS.

How to Make Practical and Beautiful Undergarments.

Although lingerie is as conspicuously negligible as possible, it receives more consideration than ever. It is important not only that each separate article shall incorporate the minimum of weight and bulk, but also that the lines of it shall be quite perfect. There must be no unnecessary fullness in petticoats to interfere with the hang of one's skirt.

There is less call for the extremely flimsy lingerie than there was. Nainsook, crepe de chine and fine linen are favored, and hand embroidery or Valenciennes insertions are the popular trimmings. Flounces, if there are any, are made so scant that they add nothing appreciable to the width of a skirt or pantaloons.

One of the most practical of all the various innovations in lingerie is a combination skirt and corset cover that fastens all the way down, rendering it particularly convenient for laundering.

The edges are scalloped and buttonholed, and there is a pretty eyelet embroidered design in Madeira handwork. The skirt is every where smooth fitting, while the cover has very little fullness, neatly and evenly tucked under a scalloped belt that runs only about the sides and back of the waist.

How to Repair Your Wall Paper Satisfactorily.

In many houses there are often left odd lengths of wall paper, and these should be carefully preserved. Damage may be done when moving in, or later a chair may be pushed roughly against a wall, and there is a bad tear. Get a piece of the paper, sculp the edges quite roughly and paste it over the place. The mend will be unnoticeable. But if the house is not new and the paper faded the contrast is startling. In that case put a piece of the spare wall paper out of doors in the sun for two or three days. Dampen it occasionally. All that is needed is exposure.

There are hundreds of people in this vicinity who have become accustomed to using a tin box in which to keep their valuables, who by using one of our SAFE DEPOSIT BOXES will find they are safer, strictly private and more satisfactory in every way. It requires two keys to unlock the box. The customer has one and the bank the other, which is the master key. If you should lose your key, and some one else should find it, it would do them no good, because it would require the master key, which we hold before the box could be opened.

There is no better or stronger vault in the United States, and the rate we pay on burglary insurance, which we carry, is the lowest in the country.

Come in and let our vault clerk, Mr. Ewen I. Whitlock, explain.

BULGARIA MAY BE 2ND BELGIUM, MISS KATE BLACKBURN ASSERTS

Returned Teacher and Missionary Gives Glimpse of War's Realities at Lafayette School Gathering Thursday Afternoon.

Bulgaria will be the battle ground of the Balkans if she breaks peace and casts her lot with either side in the European conflict, asserted Miss Kate Blackburn, returned missionary and teacher, at a meeting of the Second Ward Parent-Teachers' association Thursday afternoon at the Lafayette school. "It is Bulgarian neutrality which keep comparative order in the Balkan peninsula," continued Miss Blackburn. With Russia pressing on the one hand and the Austro-German forces on the other, it is hard to see what will eventuate, but there is little doubt but that Bulgaria will bear the brunt of conflict should she break neutrality and open her lands to contending armies. "It would not surprise me to see Bulgaria turned into a second Belgium."

Miss Blackburn has but recently returned from Lovetch, Bulgaria, where with one other American she taught in a college for girls. She could have continued at her duties for some time to come, but the probability that the way of return would soon be shut off, made it expedient that Americans leave the country. Miss Blackburn spoke entertainingly of the Balkan war, of the Bulgarian people and their life, the school in Lovetch and the so-called second Balkan war which for most of the country was far worse than the first.

Mrs. William T. Wilson presided at the business session of the association and Mrs. H. D. French served as secretary. Five dollars was voted for assisting the poorer children in the purchase of domestic science equipment and \$6.50 was set aside to buy records for the folk dances. The association voted \$15 to buy dishes, etc. for the use of the social committee in entertaining. This equipment will include an electric toaster-stove.

Where the Wealthy Work. The institution in which Miss Blackburn taught is a boarding school and all of the girls are required to assist in the housework. Manual duties are required from all and it is for this feature of the work that many parents hold the school in esteem. Girls from wealthy families form a part of the students and it is the parents of these who insist most strongly that their daughters be required to work.

The school at Lovetch, Miss Blackburn said, will probably be continued throughout this term. The native teachers remained on duty and although sudden war may stop everything the work is going ahead.

The Roumanian occupation during the summer of 1913 was described by Miss Blackburn with interesting detail. School activity was stopped, many civilians fled to the mountains and ten thousand persons perished from cholera, the legacy of the investing army.

PEOPLE OF JAPAN VIRTUALLY IGNORE ELECTION DISCUSSIONS

TOKIO, Mar. 26.—(1:30 a. m.)—An evidence of the unanimity of the nation on the Chinese question is the fact that the people have virtually ignored the election discussions. The government party claims a majority in the balloting which took place Tuesday, basing their belief on the friendship of the independents. The definite results of the election have not been ascertained however. The outcome is not expected to influence Japan's general policy but it is believed that a government victory may give the cabinet a free hand in the negotiations with China. The officially inspired newspapers express confidence that Washington will be satisfied with Japan's explanation of her demands on China.

The Times says the American note should be given a most friendly interpretation.

GYMNASTIC TOURNEY AT FRISCO San Francisco, Calif., March 25.—The United States gymnastic championship meet opened today at the Fair grounds, with a good entry list of strong teams. The Olympic club of San Francisco is the favorite to capture the national laurels. The Olympic athletes recently Pacific Coast championship, and is entering the same team. Y. M. C. A. organizations are well represented, and from the local colleges, Stanford and the University of California are contenders. There are several teams from the middle west.

BIRD LOVERS HAVE SHOW. Minneapolis, Minn., March 25.—To arouse the interest of the public in birds, an exhibit will be opened here tomorrow, to last four days, by the Audubon Club, composed of prominent Minneapolis women. Birdhouses, methods of feeding, specimens of bird supporting plants and photographs of the varieties are to be shown. Dr. T. S. Roberts says there are 81 species of birds which remain in Minnesota during the winter. In the summer there are some 300 varieties.

FIND UNEXPLODED BOMB. Paris March 26.—(1:26 a. m.)—A long unexploded bomb which had been dropped by a Zeppelin airship last Sunday, was found yesterday at Courbevoie, a mile and a half from Paris. It is a metal sphere thirty five centimeters in diameter and weighs about two hundred pounds. Evidently it was capable of causing great damage. A special apparatus had to be constructed to remove the bomb to a laboratory so that an examination of it could be made.

WILSON VOICES FULL CONFIDENCE IN GREAT BODY OF CALM PEOPLE

President Appeals to the Nation for Support in Administering His Office in Address at Methodist Conference.

Washington, March 25.—Full confidence in the great body of calm people of the nation who serve as "stabilizers" when the excitable ones try to "rock the boat" in these perilous days was voiced tonight by President Wilson in an address before the Baltimore conference of the Methodist Episcopal church, South, in annual session here.

The president appealed to the nation for support in administering his office, saying "if I can speak for you I am powerful, if I cannot, I am weak." He said it was possible "for a people to be impartial when a quarrel is none of theirs."

Referring to the danger to missionaries in some foreign lands of which he said he had thought much of late, he added: "Wars will never have any ending until men cease to hate one another, cease to be jealous of one another, get the feeling of reality in the brotherhood of mankind, which is the only bond that can make up think justly of one another and act righteously before God himself."

MAKE NO MENTION OF CARRANZISTA CLAIMS

Washington, March 25.—Despatches from Mexico to the Villa confidential agency today made no mention of the Carranzista claims of victory over the forces of General Chao at El Paso. Latest advices to the agency were to the effect that General Chao had penetrated considerably beyond El Paso. General Carranza's detail of the loss of the city of Tuxpam, the agency officials asserted could be answered by reference to state department despatches several days ago announcing the evacuation of the city.

FEAR LANDING OF TROOPS.

London, March 26.—(2:35 a. m.)—The Turks greatly fear a landing of the allied troops says a despatch to the Times from Tenedos and have concentrated 48,000 men on the Asiatic side of the Dardanelles and also 19,000 on the European side near Gallipoli. he despatch adds that both forces are commanded by German officers.

Jackson. Funeral services for Mrs. Ellen Jackson were held at the Methodist church in Franklin Thursday morning at 10 o'clock in the presence of a large gathering of relatives and friends. The services were conducted by Rev. J. W. Kettle and Rev. E. S. Vorbeck and music was furnished by the church choir. The many beautiful flowers were cared for by Misses Alice Criswell and Irene Coons.

Interment was made in the Franklin cemetery and the bearers were William Reese, Louis Massey, James Seymour, George Shauff, Scott Tranbarger and Clarence Whitlock.

MATRIMONIAL

Nottensmeier-Butler. George Nottensmeier, son of H. Nottensmeier of Saldora and Miss Effie Butler, daughter of Isaac Butler of the same place were married at the Centenary M. E. church parsonage Thursday afternoon at 3 o'clock by Rev. G. W. Flagg. The groom is a farmer and they will reside near Saldora.

Mr. Stone's Class in Profitable Meeting.

The Opportunity Sunday school class of Grace M. E. church taught by Prin. Charles A. R. Stone held their monthly meeting Thursday night at the home of J. Edgar Martin on Sandusky street. The class now numbers thirty and the interest in the organization is keen. A pleasing part of the evening was the talk given by Mrs. Martin's sister, Miss Kate Blackburn, who has recently returned from Bulgaria. During the evening light refreshments were served.

CENTENARY CHURCH REVIVAL.

Another good audience was present at the revival services at Centenary M. E. church Thursday evening. Misses Clara Ranson and Nelle Self sang a duet. Pastor Flagg took his text from Romans 13-8 and Matthew 18-28. Our indebtedness to Jesus was the keynote of the sermon and it was full of deep thought.
